VOL. LXXXV. NUMBER 41

Antioch Township Race Roars To Climax

Antioch Township Supervisor Lloyd "Red" Murrie puts his record on the line in the township election Tuesday, April 6.

Voting will be from 6 a.m. until 6 p.m. in six precincts.

Precincts are the village hall, the Scout House, Lotus School, Grass Lake School, Channel Lake School, and Emmons School.

Besides a supervisor, a township highway commissioner and two township library trustees are to be elected.

Residents living within the village are eligible to vote either at the Village Hall or the Scout House.

Murrie, continuing his campaign, promised that in the redistricting that reapportionment will bring next year that he will act forcefully in representing the township.

"Without mature and recognized leadership, this township could suffer seriously in this reapportionment struggle," Murrie added.

He promised to continue the forward momentum that has characterized Antioch Township while he served as its supervisor.

"I am pledged to protect our township from the ravages of pollution," he said. "High on this list is the development of a county sewer disposal system."

Murrie has told the voters that he is determined to do everything possible to bring a hospital to West Lake County.

"I am determined to expand conservation efforts for our township," he pledged, "so that we and our children can enjoy the natural beauties of our environment."

Some of Murrie's accomplishments have been to keep the tax rate low in the township. "It is one of the lowest in the county," he said.

Murrie has established a township office, centralizing all township activities, and has maintained hours six days a week, and has been available to all of the residents.

Murrie, fifth in seniority on the Lake County board, was instrumental in establishing a water patrol for the Chain O' Lakes area.

Opposing Murrie are Karl Floer, a Democrat, and Ray Toff. Floer, a Democratic precinct committeeman, does not have the support of township Democrats. It is reported that some Democrats are supporting Murrie.

Murrie also has the support of the Antioch Township Republican Club and the GOP precinct committeemen.

Running with Murrie on the Progressive Party ticket is Blaine

Antioch Supervisor Lloyd M. Murrie assures a township resident that she and her family qualify for general assistance during a conference in Murrie's office on north Main Street.

Pre-Annexation Pact OK With Amendments

The Antioch Village Board has agreed to sign a pre-annexation agreement with Cabl Corp., but under certain conditions.

Cabl Corp. developers appeared last Tuesday before the trustees at a public hearing on a pre-annexation agreement in order to develop 22.5 acres of the tract for multiple housing.

The Zoning Board of Appeals has recommended that the Village Board amend the zoning to allow the corporation to construct multiple housing, and leave 10.07 acres for single family residential.

The proposed development site is near the new Upper Grade School just completed in February.

Amendments recommended by the trustees are:

"First, the trustees are cognizant that there are certain singular advantages to be gained by a property owner who advocates the use of pre-annexation agreements, namely: zoning and annexation provided in one package which can vary from regular zoning ordinances; freeze on rising annexation fees; connection fees and building permit fees; financ-

ing of certain improvements by using municipal bonding power and recapture of a portion of expenses for facilities to be used in the future by adjacent annexing property owners."

Some benefits to the village, according to trustees, provide for an orderly growth development including specific and detailed plans to be submitted by parties

to agreement; ability to condition granting of zoning and annexation upon dedication of land and contribution to the municipality.

The trustees were unanimous in their opinion that the pre-annexation agreement be amended to include the entire parcel which the developers hold under option

(Continued on page two)

Antioch Band First In District Contest

The Antioch Grade School band received a first division at district contest.

On Saturday, March 27, the Antioch Grade School band competed in the district band contest.

This makes the 17th year that the band has placed first at the district contest. Only two other bands received first division ratings.

George Olisar, the band director, said "There were about 50 band parents at the contest and

their attendance adds much to the performance of the band students."

The contest was held at Round Lake Junior High School. Miss Barbara Buchman was contest chairman.

The band, because of placing first, will now be eligible to compete in the State contest April 24.

The annual band banquet honoring the eighth graders will again be held the same day after the contest.

24-Hour Service Adopted

Antioch will have 24-hour dispatch service starting May 1.

Trustees took the action last Tuesday night at a recessed meeting though no signed agreements have been obtained from Lindenhurst's Police Department, Lake Villa Police Department and Lake Villa Rescue Squad.

The total cost of the project will cost about \$32,000 a year, an increase of about \$16,000 more than what is paid for the dispatcher and answering service.

Lake Villa Police Department, Lake Villa Rescue Squad and the Lindenhurst Police Department have expressed an interest of coming into the Antioch service network, but no agreements have been reached.

The Antioch agencies in the network will be the police department, Rescue Squad and Fire Department.

Trustees announced that Lake Villa and Lindenhurst were welcome to join the service.

PM&L Players In Rehearsal For New Play

It's isn't too early to make plans for May, and PM&L, Antioch's community theatre organization has a delightful bill of fare for your entertainment during that month.

PM&L will present "You Can't Take It With You," the ever popular comedy by Moss Hart and George S. Kaufman on May 8, 14, 15, 21 and 22 at the PM&L Theatre, 877 Main St., Antioch. It will replace "The Miracle Worker," which was the last play listed on the Season Ten ticket.

"You Can't Take It With You" won the 1936-37 Pulitzer Prize and is one of the most successful and best loved comedies ever written in America. It is an entirely different entity from the sophisticated, sly comedies of today. It's a nostalgic trip back a few years in time and thoughts and a thoroughly enjoyable experience—a definite "must" for the whole family.

A large cast is busy rehearsing

Henry Pickard Presents Commemorative Plate

A commemorative china plate in limited issue bearing a signed photograph of President Harry S. Truman has been unveiled in Independence, Mo.

Made by the Pickard Co. of Antioch, the dinner-size plate is rimmed in 24-carat gold encircling the wide band of dark green decorated with gold filigree.

The center of the plate contains a signed picture of Mr. Truman

in sepia color.

The back of the plate contains a simple gold-lettered message: Harry S. Truman, president, United States of America, April 17, 1945-January 20, 1953.

And below that, the company's seal with "Pickard China, U.S.A."

Production of the plate was made possible by permission granted by Mr. and Mrs. Tru-

man. The project was initiated by Mr. and Mrs. Carl Sapper, Jr., of Independence, Mo., who are neighbors to Mr. and Mrs. Truman and operate a gift shop.

The Truman plate is made in a limited edition. Henry Pickard, Jr., grandson of the company founder, said 100 of the plates will be numbered.

The first one was presented to Mrs. Truman. The second will hang in the Pickard Co., showrooms. The third has been presented to Mrs. Margaret Truman Daniels, the daughter of Mr. and Mrs. Truman, and the fourth has been given to the Truman Library at Independence.

The commemorative plate will sell for \$35.

Amateur Art Show April 13

Lake County's Thirteenth Annual Town and Country Amateur Art Show will be held in the Farm Bureau Auditorium on the Lake County Fairgrounds, Tuesday and Wednesday, April 6 and 7. The exhibits will be open to the public, without charge, from 1:00 p.m. to 10:00 p.m., April 6 and from 9:00 a.m. to 9:00 p.m., April 7, according to Ray T. Nicholas and Helen Volk, Lake County Extension Advisers.

A special feature of the first day of the show will be the critiques to be presented at 2:00 in the afternoon and 7:30 in the evening. These critiques will be presented by Dr. Walter Johnson, Professor of Art, and head of the University Extension Division in Visual Arts, University of Illinois.

Visitors to the show will have an opportunity to view the best work of the amateur artists in Lake County. Exhibits include paintings in all media, metal enameling, weaving, sculpture, photography, carving, ceramic, collage, lapidary, jewelry, mosaic,

(Continued on page two)

Oakland School PTA Plans Last Meeting

The Oakland Grade School Parent-Teacher Association will hold its last meeting of the school year on April 5, at 8 p.m., at the Grade School.

Henry Myer, superintendent of Antioch Grade Schools, will speak about the administration's plans for progress in the school system.

There will also be a question and answer period.

The seven candidates for the Antioch Grade School Board have been invited to the PTA meeting.

They will be introduced and given an opportunity to talk with PTA members.

Other business will include election and installation of PTA officers for the 1971-72 term.

Ronald Marten, Oakland School principal, will install the new officers.

Nominations for the PTA officers are president, Mrs. Ralph Montrimas, vice president, Joe Sanford; secretary, Mrs. Jay Richardson; and treasurer, Mrs. Roger Schultz.

Oakland PTA members are asked to attend the meeting.

Refreshments for the meeting will be provided by this year's officers and committee chairmen.

Deadline Friday For Absentee Ballot By Mail

April 2 is the last day to apply for an absentee ballot by mail in the Antioch Consolidated District 34 board member election. Mailed ballots must be received by April 9.

The last day to vote absentee in person is April 6.

The school district offices are open from 8 a.m. until 5 p.m. Monday through Friday.

Antioch Sgt. On Duty At Pentagon

U.S. Air Force Staff Sergeant Richard F. Horsch, son of Mrs. Francis L. Horsch of Rt. 3, Antioch, Ill., has arrived for duty at the Pentagon.

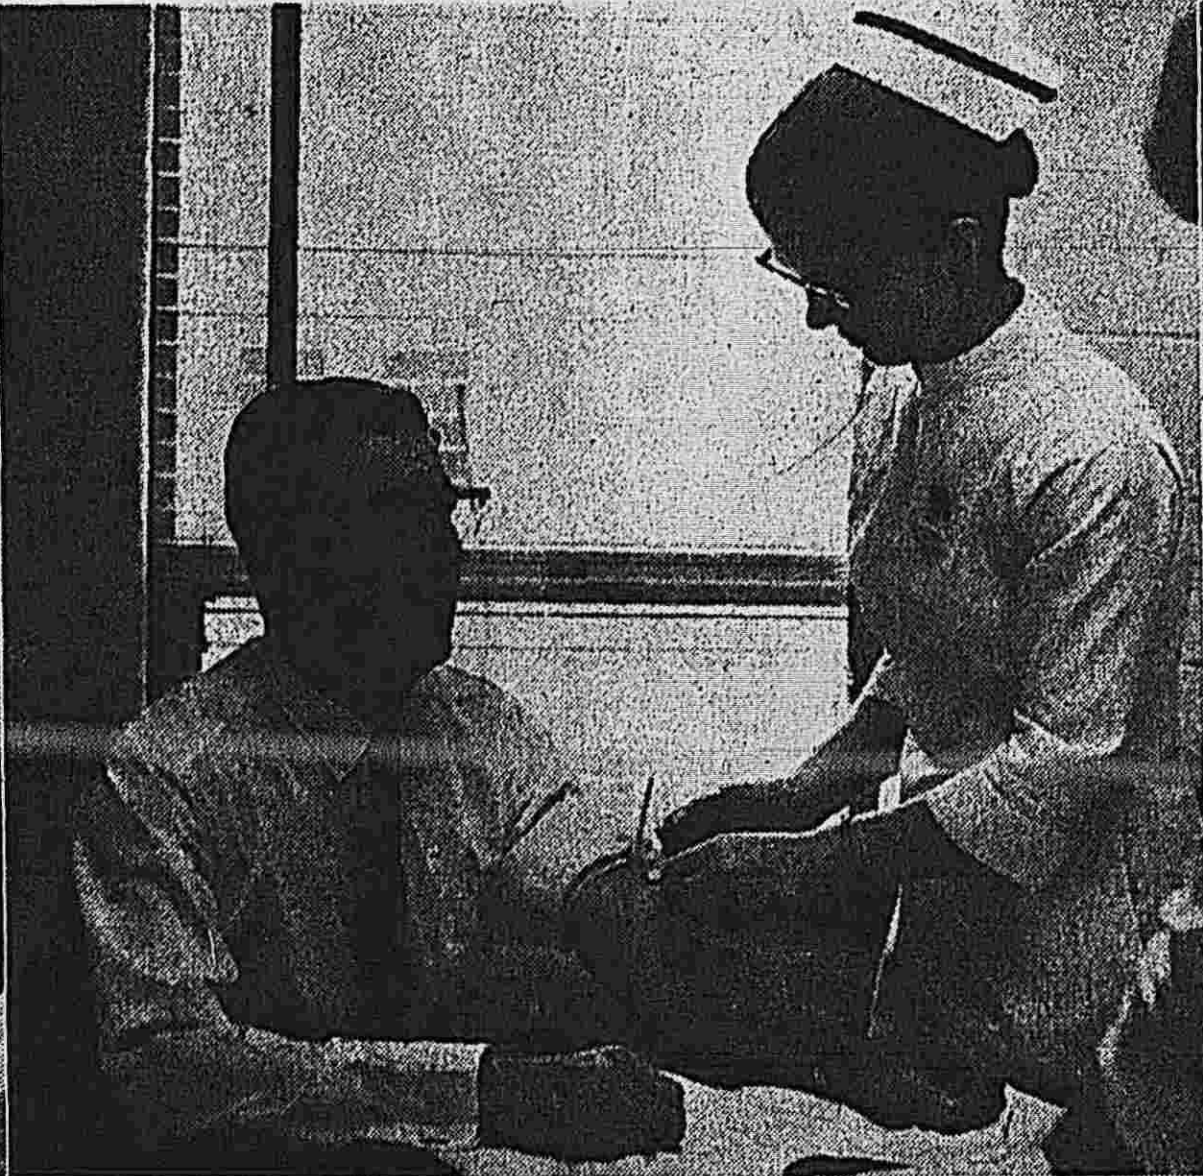

Sergeant Horsch, an electronic systems repair technician, is assigned to a unit of the Air Force Communications Service. He previously served at Wildwood Air Force Station, Alaska.

The sergeant attended Lane Technical High School in Chicago.

His wife, Margaret, is the daughter of Mr. and Mrs. Alexander Wood of 18 Lincoln St., East Greenwich, R. I.

Mrs. Ralph Brooks, one of the volunteer nurses at the Antioch Center, prepares to draw a sample of blood for cholesterol and sugar count. More than 10,650 persons visited 18 centers in the county.

Spare-Your-Heart Sunday was marked by 616 persons availing themselves of checks of coronary risk factors in Antioch High School. Rudy Eckert, hardware dealer, has his arm prepared before a sample of blood is drawn for cholesterol and sugar count.

Mrs. Pres Reckers has her blood pressure checked at the center. Dr. Erich Weis, president of the Lake County Heart Association, expressed his appreciation to all volunteer workers including doctors, nurses and laymen, who worked at the centers Sunday.

McClory Says Not Logical To Junk Our Space Program

It would be both short-sighted and illogical to consider junking the space program. This is particularly so in the light of the recent spectacular success of the Apollo 14 lunar mission.

Those who suggest that more attention should be paid to conditions here on earth appear to be unaware of the benefit to humanity which are directly attributable to the space program. Furthermore, such critics seem not to realize that following the Apollo program our space activities will be directed primarily to conditions here on earth.

After the remaining three Apollo flights (Apollo 15, 16, and 17), further lunar explorations will be suspended. Thereafter, the space program calls for establishment of a space station or laboratory to be designated "Skylab" which will orbit the earth at altitudes of from 50 to 250 miles. A shuttle service to the orbiting Skylab will enable astronauts to remain in a comfortable habitat while they test man's ability to live for protracted periods in a weightless state.

The Skylab eventually will include 11 companion space-stations all of which will orbit the earth. The entire mission of Skylab will be earth-oriented. The project will serve as a watchdog to monitor water and air pollution. It will be capable of detecting tidal waves, hurricanes, and other possible destroyers of the earth's environment, and is expected to provide long-range predictions of weather conditions.

The Skylab program contemplates the re-use of the basic booster which will place the space stations in orbit. The space shuttles themselves will have the capability of leaving and re-entering the earth's atmosphere, and of landing and taking off from the runways of our larger airports. These space shuttles will be designed to fly missions throughout the entire decade of the seventies—and beyond.

In addition to service in behalf of the earth's environment, Skylab personnel will be able to furnish vital aeronautical and maritime information to aircraft and ships. A related program known as "Vela", which began several years ago, involves nuclear detection satellites capable of viewing detonations of nuclear weapons and missile launches which might affect our national security.

The practical application resulting from our space program are almost without limit. The National Aeronautics and Space Administration (NASA) has dramatized the entire science of systems analysis, demonstrating how step-by-step progress can be made in solving virtually any human problem. In addition, NASA is cooperating in a great variety of inter-planetary studies and other experimental programs in outer space. Numerous private concerns and foreign governmental agencies are involved in these programs.

International understanding and cooperation have resulted from the sharing of space information and techniques as developed by the United States and the Soviet Union. In the area of communications and meteorological data, we have cooperated with France, Great Britain, Italy, Japan, and other nations. Indeed, the current satellite geodesy experiment which is gathering basic information about the earth's surface is supported by some 23 nations including many from the Soviet Bloc. Progress in nutrition, medicine, optics, photography, astronomy, and various scientific and technological subjects is a part of the "fall-out" attributable directly to the space program.

Appropriations for the space program are being reduced and the space program is being spread out. But to abandon both the progress—and promise—of the space program would seem to be illogical—and unwise.

As president Nixon declared recently: "... a balanced national aeronautics and space program... is compatible with our national priorities, goals, and resources..." He added that our overall goals are "continued exploration, scientific knowledge, and practical applications."

In summary, it becomes clear that most of the future space program will be directed to conditions here on earth, i.e., improvement of the earth's environment; expansion of our communications; promotion of meteorology; and service to navigation, agriculture, education and transportation.

With these as our goals, it would seem hard to conceive of an investment promising greater dividends for this and future generations of mankind.

Statistics show that only one driver in two knows how to drive a car, and most of the time she's in the back seat.

You're really an old timer if you can remember when your congressman sent you a package of seeds for trial in your garden.

New Firms Incorporated Total 1,004

New corporations incorporated or licensed in Illinois totaled 1,071 in February, according to figures released today by Secretary of State John W. Lewis. The February total represents an increase of 67 over the 1,004 new corporations registered in February of last year.

During the first two months of 1971, 2,179 new corporations have been formed in Illinois in an increase of 60 over the 2,119 new corporations in the same period of 1970.

The Secretary of State's Corporation Division collected \$670,744.61 in fees and taxes during February, a decrease of \$279,063.67 from the \$949,808.28 collected in February of 1970.

The Division has collected \$1,285,177.00 during the first two months of this year, for a decrease of \$190,451.42 from the \$1,475,628.42 collected for the same period of 1970.

Secretary Lewis explained that the decreased totals are still a reflection of the decrease in the minimum initial and annual franchise tax from \$100 to \$25.

Mason Job Open At Great Lakes

The Great Lakes Local Office, U.S. Civil Service Commission, announced today that applications are being accepted through March 31, 1971, for Mason (Brick and Stone).

The job is located at the Navy Public Works Center, Great Lakes, and pays \$4.22 per hour to start. There is no written test required, nor a specified amount of experience or training. However, applicants must have acquired sufficient skill, knowledge, and ability to do the work without more than normal supervision.

Full information and application forms may be obtained from the U.S. Civil Service Commission, Great Lakes Local Office, Building 3400, Great Lakes, Illinois 60088, or by calling 688-2223.

MARCH 18
High team series: Miller's Dog-

Rimkus Chosen High School Assn. Prexy

Robert Rumkus was elected president of the Antioch High School Educational Association. He succeeds Gilbert Krahn.

Other officers are Lee Mireur, vice president; Joann O'Connell, secretary; and Linda Shadwick, treasurer.

Charles Lindholm, a counselor, outlined the proper procedure for student referral.

Mrs. Cathleen Gastra, school nurse, gave the proper procedure for referral of a student with a serious illness.

Mrs. Carol Morris, special education teacher, gave the procedure for referring a student for special education training.

The association will meet Tuesday, March 30, with school board candidates in the High School Commons, starting at 7:30 p.m. The public is invited.

Waukegan CLC Student Now Eligible For Ford Grant

William L. Davis, Waukegan, has been chosen as the winner nominee for support of continued study by the College of Lake County Ford Foundation Upper Division Scholarship Program committee. Designated as honorable mention nominated by the college committee were Miss Jean B. Whitehead and Anthony B. Nicholson, both from Waukegan.

The selection of the winner nominee and honorable mention nominees is based on the excellent academic record achieved at the College of Lake County and the (expressed) desire to transfer to a senior college or university to continue and complete study for the bachelor's degree.

The Upper Division Scholarships for Black Americans, Mexican Americans, Puerto Rican Americans, and American Indians is a new Ford Foundation program, providing financial aid for students in selected minority groups. The program recognizes the value of using the community college as an appropriate place to begin post-secondary education and the desirability of continuing in a bachelor's degree program after completion of an associate degree in the two-year college.

Township Officials Meet Today

The March meeting of the Lake County Township Officials Association will be held at the Brae Loch Country Club on Route 45, north of Route 120, Grayslake, on March 25th at 8 p.m.

The legislative committee will bring us up to date on the happenings at Springfield—the status of assistant supervisors, weighed voting and reapportionment.

The nominating committee will make its selection of officers for the coming year. Final arrangements will be made for the installation banquet. The election of officers will be held in May.

Tornado Season Arrives With March

Imagine a force of such magnitude that it lifts an 83-ton railroad coach and its 117 passengers straight up in the air, whisks it 80 feet, and drops it in a ditch. This happened in Minnesota 40 years ago.

It is, of course, a tornado, the most violent of all storms. And in Southern Illinois, focal point of what the U. S. Commerce Department calls the worst one ever to hit the United States (March 18, 1925), the twister season is again at hand.

March, April, May and June—these are the peak tornado months. Records show that the pre-season buildup for the plains onslaught usually takes place with February tornadoes in the central Gulf States. The statistics have been brutally confirmed already this year.

In Jackson County, Illinois, there have been two tornado watches so far in 1971. The most recent, as of this writing, occupied Civil Defense people at the Southern Illinois University Carbondale Campus CD unit for eight hours during the afternoon and evening of Feb. 19. Thirteen watches were maintained in that room last year.

The big twister of '25 was actually a series of eight which killed 737 people in Missouri, Indiana, Illinois and parts of Kentucky and Tennessee.

The main storm drilled a path 200 miles long and a mile wide in some places. It was named after the town it hit the hardest: Murphysboro, Ill., where 240 deaths were recorded. Add DeSoto (76), West Frankford (127) and Griffin, Ind. (52) and the scope of destruction becomes' apallingly apparent.

In those days there weren't any interlocking networks of alert and alarm that possibly could have averted mortality of such colossal scale.

But even the well-knit organization in Jackson County, with more than 100 radio-equipped people linked to it, would admit that the battle hinges largely on early sighting and tracking. It just isn't possible to predict where and when a tornado funnel will touch down.

Even so, how people choose to react to the actual threat of a tornado appears to be no small factor in its effects.

SIU Geographer Luane Baumann assembled a research team to find out how people perceive and adjust to tornado hazards. He and his crew went to Kansas, Oklahoma, Illinois, Alabama, Massachusetts and Connecticut—high, medium and low-frequency tornado areas—to talk, listen and study records and reports.

His data is complete on Illinois and Alabama and it shows some strange differences. In the south, it appears, there is a strong feeling that if a tornado is coming, there's little to be done. If your number's up, that's it—so the thinking seems to prevail in many areas.

In Illinois, Baumann found, people are much more responsive to the threat. While they may believe no less strongly in the role of a "higher force," they still think they have some control over their destinies and do the routine things—opening some windows, heading for shelter, keeping abreast of radio weather bulletins.

Baumann admits one conclusion is tentative, but interviews indicate that a lot of Alabamians simply stood and watched, when tornadoes approached.

Baumann, a student of tornadoes, doesn't buy the cherished notion that the best tornado shelter for average householders is the southwest corner of the basement.

This has been held logical because it's thought that tornadoes frequently move in a southwest-to-northeast angle, so if you're in the approach end of the house, debris will be blown away from you.

He cites a University of Kansas geographer's study of the 1966 Topeka, Kansas, tornado, in which wreckage was found most commonly in the southern end of shattered homes. Furthermore, the researcher confirmed that many of the Topeka injuries were sustained by people who had taken cover in the southwest corner of their basements.

The Topeka data has been disputed, but Baumann believes it is convincing enough to challenge the "southwest corner" precaution. He says he'll opt for the "north central" part of his basement if a big blow comes.

He's got another piece of advice. His records (from coroners' reports) show that 85 per cent of tornado fatalities may be attributed to head injuries. Why not, he asks, include something like crash helmets as standard tornado protection equipment.

Your Funds Help Space Program

United Community Service of Lake County involved in the space program? Yes, \$350 of funds contributed to the 1970 United Fund Campaign by Lake Countians is helping to make space exploration possible because the United Fund supported United Health Foundations last year.

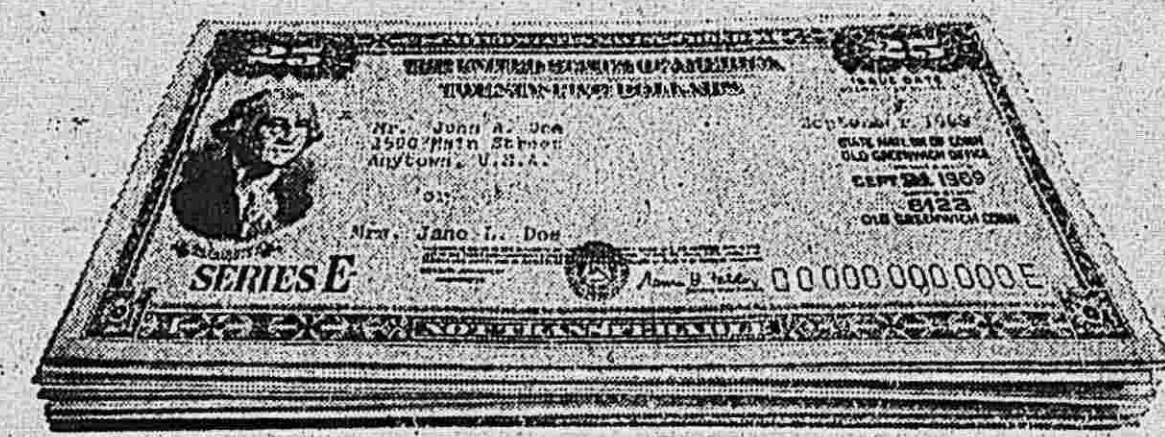

One of the special research projects that UHF is currently undertaking is located high on top of Mt. Logan in the Canadian Rockies. A team of medical researchers from Chicago's Presbyterian-St. Luke's Hospital and Cornell University in New York, is studying the effects of conditions similar to those encountered in outer space on the human body.

Without this kind of research, the Apollo moon missions would be over more dangerous and formidable. But armed with this knowledge, astronauts can counteract the effects of cold, weightlessness and lack of oxygen and water.

The research program which is supported through this United Community Services agency relies completely on contributions from the United Fund and other United campaigns throughout the country. UHF does not conduct separate fund drives and invests every dollar given to it for research directly into medical centers or other research institutions.

Over the past seven years, more than \$18 million in grants have been given by United Health Foundations for medical and health research in major areas of health interest, including cancer, heart disease and neuromuscular illness, as well as research that cuts across many health concerns.

Now all your U.S. Savings Bonds pay higher interest.

Now it's official. Now one of the safest investments in the world brings you new and higher returns.

Now your U.S. Savings Bonds pay the highest interest in history: a full 5 per cent when held to maturity of 5 years and 10 months. (4% the first year; 5.20% thereafter to maturity.) Previously, these Bonds earned you only 4 1/4% if you held them for seven years.

The new interest began June 1, 1969. So all of the Bonds you own, no matter when you bought them, have been collecting higher interest since that time.

Those Bonds are still replaced if lost, stolen or burned.

You can still buy them through Payroll Savings or the Bond-a-Month plan.

Regardless of your other investments, can you think of any easier, better, or safer way to build a nest egg for yourself?

It's nice to know that you are doing a little something for Uncle Sam, too. The \$52 billion in U.S. Savings Bonds now outstanding in the hands of millions of Americans go a long way toward keeping your country financially strong.

There never was a better time to take stock in America.

There's a man at the place where you work who can start you on the Payroll Savings Plan right now.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America. With higher paying U.S. Savings Bonds.

Antioch Township Race Roars To Climax

Antioch Township Supervisor Lloyd "Red" Murrie puts his record on the line in the township election Tuesday, April 6.

Voting will be from 6 a.m. until 6 p.m. in six precincts.

Precincts are the village hall, the Scout House, Lotus School, Grass Lake School, Channel Lake School, and Emmons School.

Besides a supervisor, a township highway commissioner and two township library trustees are to be elected.

Residents living within the village are eligible to vote either at the Village Hall or the Scout House.

Murrie, continuing his campaign, promised that in the redistricting that reapportionment will bring next year that he will act forcefully in representing the township.

"Without mature and recognized leadership, this township could suffer seriously in this reapportionment struggle," Murrie added.

He promised to continue the forward momentum that has characterized Antioch Township while he served as its supervisor.

"I am pledged to protect our township from the ravages of pollution," he said. "High on this list is the development of a county sewer disposal system."

Murrie has told the voters that he is determined to do everything possible to bring a hospital to West Lake County.

"I am determined to expand conservation efforts for our township," he pledged, "so that we and our children can enjoy the natural beauties of our environment."

Some of Murrie's accomplishments have been to keep the tax rate low in the township. "It is one of the lowest in the county," he said.

Murrie has established a township office, centralizing all township activities, and has maintained hours six days a week, and has been available to all of the residents.

Murrie, fifth in seniority on the Lake County board, was instrumental in establishing a water patrol for the Chain O' Lakes area.

Opposing Murrie are Karl Floer, a Democrat, and Ray Toft. Floer, a Democratic precinct committeeman, does not have the support of township Democrats. It is reported that some Democrats are supporting Murrie.

Murrie also has the support of the Antioch Township Republican Club and the GOP precinct committeemen.

Running with Murrie on the Progressive Party ticket is Blaine

Antioch Supervisor Lloyd M. Murrie assures a township resident that she and her family qualify for general assistance during a conference in Murrie's office on north Main Street.

24-Hour Service Adopted

Antioch will have 24-hour dispatch service starting May 1.

Trustees took the action last Tuesday night at a recessed meeting though no signed agreements have been obtained from Lindenhurst's Police Department, Lake Villa Police Department and Lake Villa Rescue Squad.

The total cost of the project will cost about \$32,000 a year, an increase of about \$16,000 more than what is paid for the dispatcher and answering service.

Lake Villa Police Department, Lake Villa Rescue Squad and the Lindenhurst Police Department have expressed an interest of coming into the Antioch service network, but no agreements have been reached.

The Antioch agencies in the network will be the police department, Rescue Squad and Fire Department.

Trustees announced that Lake Villa and Lindenhurst were welcome to join the service.

PM&L Players In Rehearsal For New Play

It's isn't too early to make plans for May, and PM&L, Antioch's community theatre organization has a delightful bill of fare for your entertainment during that month.

PM&L will present "You Can't Take It With You," the ever popular comedy by Moss Hart and George S. Kaufman on May 8, 14, 15, 21 and 22 at the PM&L Theatre, 877 Main St., Antioch. It will replace "The Miracle Worker," which was the last play listed on the Season Ten ticket.

"You Can't Take It With You" won the 1936-37 Pulitzer Prize and is one of the most successful and best loved comedies ever written in America. It is an entirely different entity from the sophisticated, sly comedies of today. It's a nostalgic trip back a few years in time and thoughts and a thoroughly enjoyable experience—a definite "must" for the whole family.

Henry Pickard Presents Commemorative Plate

A commemorative china plate in limited issue bearing a signed photograph of President Harry S. Truman has been unveiled in Independence, Mo.

Made by the Pickard Co. of Antioch, the dinner-size plate is rimmed in 24-carat gold encircling the wide band of dark green decorated with gold filigree.

The center of the plate contains a signed picture of Mr. Truman

in sepia color.

The back of the plate contains a simple gold-lettered message: Harry S. Truman, president, United States of America, April 17, 1945-January 20, 1953.

And below that, the company's seal with "Pickard China, U.S.A."

Production of the plate was made possible by permission granted by Mr. and Mrs. Tru-

man. The project was initiated by Mr. and Mrs. Carl Sapper, Jr., of Independence, Mo., who are neighbors to Mr. and Mrs. Truman and operate a gift shop.

The Truman plate is made in a limited edition. Henry Pickard, Jr., grandson of the company founder, said 100 of the plates will be numbered.

The first one was presented to Mrs. Truman. The second will hang in the Pickard Co. showrooms, the third has been presented to Mrs. Margaret Truman Daniels, the daughter of Mr. and Mrs. Truman, and the fourth has been given to the Truman Library at Independence.

The commemorative plate will sell for \$35.

Amateur Art Show April 13

Lake County's Thirteenth Annual Town and Country Amateur Art Show will be held in the Farm Bureau Auditorium on the Lake County Fairgrounds, Tuesday and Wednesday, April 6 and 7. The exhibits will be open to the public, without charge, from 1:00 p.m. to 10:00 p.m., April 6 and from 9:00 a.m. to 9:00 p.m., April 7, according to Ray T. Nicholas and Helen Volk, Lake County Extension Advisers.

A special feature of the first day of the show will be the critiques to be presented at 2:00 in the afternoon and 7:30 in the evening. These critiques will be presented by Dr. Walter Johnson, Professor of Art, and head of the University Extension Division in Visual Arts, University of Illinois.

Visitors to the show will have an opportunity to view the best work of the amateur artists in Lake County. Exhibits include paintings in all media, metal enameling, weaving, sculpture, photography, carving, ceramic, collage, lapidary, jewelry, mosaic.

Oakland School PTA Plans Last Meeting

The Oakland Grade School Parent-Teacher Association will hold its last meeting of the school year on April 5, at 8 p.m., at the Grade School.

Henry Myer, superintendent of Antioch Grade Schools, will speak about the administration's plans for progress in the school system.

There will also be a question and answer period.

The seven candidates for the Antioch Grade School Board have been invited to the PTA meeting.

Antioch Sgt. On Duty At Pentagon

U.S. Air Force Staff Sergeant Richard F. Horsch, son of Mrs. Francis L. Horsch of Rt. 3, Antioch, Ill., has arrived for duty at the Pentagon.

Sergeant Horsch, an electronic systems repair technician, is assigned to a unit of the Air Force Communications Service. He previously served at Wildwood Air Force Station, Alaska.

The sergeant attended Lane Technical High School in Chicago.

His wife, Margaret, is the daughter of Mr. and Mrs. Alexander Wood of 18 Lincoln St., East Greenwich, R. I.

Deadline Friday For Absentee Ballot By Mail

April 2 is the last day to apply for an absentee ballot by mail in the Antioch Consolidated District 34 board member election.

Mailed ballots must be received by April 9.

The last day to vote absentee in person is April 6.

The school district offices are open from 8 a.m. until 5 p.m. Monday through Friday.

Pre-Annexation Pact OK With Amendments

The Antioch Village Board has agreed to sign a pre-annexation agreement with Cabl Corp., but under certain conditions.

Cabl Corp. developers appeared last Tuesday before the trustees at a public hearing on a pre-annexation agreement in order to develop 22.5 acres of the tract for multiple housing.

The Zoning Board of Appeals has recommended that the Village Board amend the zoning to allow the corporation to construct multiple housing, and leave 10.07 acres for single family residential.

The proposed development site is near the new Upper Grade School just completed in February.

Amendments recommended by the trustees are:

"First, the trustees are cognizant that there are certain singular advantages to be gained by a property owner who advocates the use of pre-annexation agreements, namely: zoning and annexation provided in one package, which can vary from regular zoning ordinances; freeze on rising annexation fees; connection fees and building permit fees; financ-

ing of certain improvements by using municipal bonding power and recapture of a portion of expenses for facilities to be used in the future by adjacent annexing property owners."

Some benefits to the village, according to trustees, provide for an orderly growth development, including specific and detailed plans to be submitted by parties

in agreement; ability to condition granting of zoning and annexation upon dedication of land and contribution to the municipality.

The trustees were unanimous in their opinion that the pre-annexation agreement be amended to include the entire parcel which the developers hold under option

(Continued on page two)

Antioch Band First In District Contest

The Antioch Grade School band received a first division at district contest.

On Saturday, March 27, the Antioch Grade School band competed in the district band contest.

This makes the 17th year that the band has placed first at the district contest. Only two other bands received first division ratings.

George Olisar, the band director, said "There were about 50 band parents at the contest and

their attendance adds much to the performance of the band students."

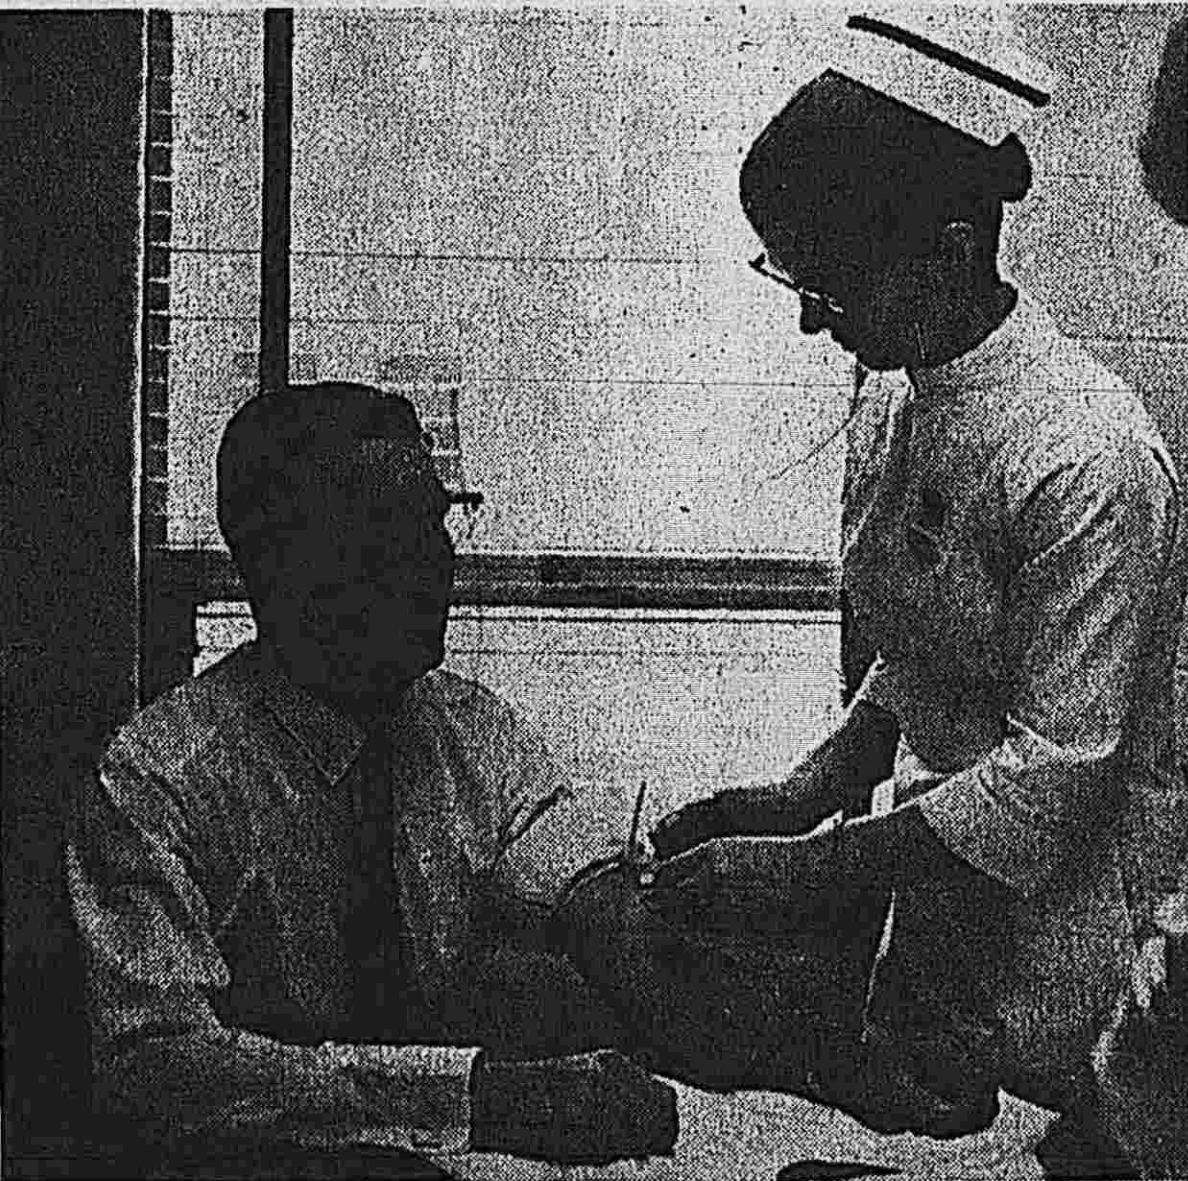

The contest was held at Round Lake Junior High School. Miss Barbara Buehlman was contest chairman.

The band, because of placing first, will now be eligible to compete in the State contest April 24.

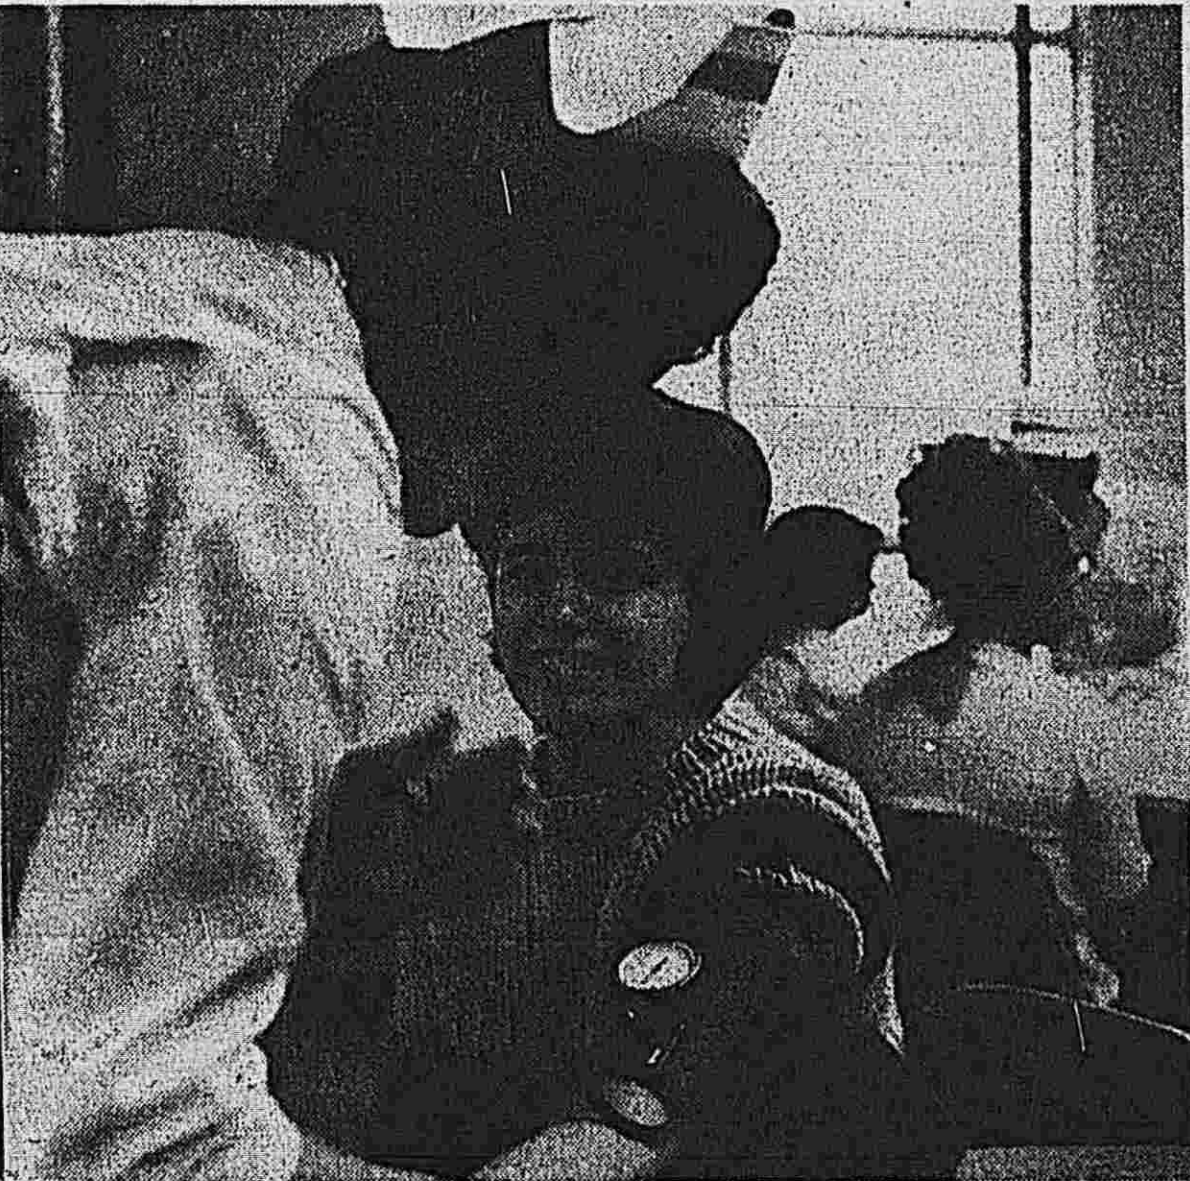

The annual band banquet honoring the eighth graders will again be held the same day—after the contest.

Mrs. Ralph Brooks, one of the volunteer nurses at the Antioch Center, prepares to draw a sample of blood for cholesterol and sugar count. More than 10,650 persons visited 18 centers in the county.

Spare-Your-Heart Sunday was marked by 616 persons availing themselves of checks of coronary risk factors in Antioch High School. Rudy Eckert, hardware dealer, has his arm prepared before a sample of blood is drawn for cholesterol and sugar count.

Mrs. Pres Reckers has her blood pressure checked at the center. Dr. Erich Weis, president of the Lake County Heart Association, expressed his appreciation to all volunteer workers including doctors, nurses and laymen, who worked at the centers Sunday.

Our Choice: Murrie

In the coming township election April 6, we are urging our readers to support Lloyd "Red" Murrie for re-election as Antioch Township supervisor.

Murrie, a former president of the Lake County Board, has the experience in the office and is worthy of a sixth term.

It will be especially important for Antioch Township voters to pick an experienced man for the office with the coming next year of reappointment.

We are sure and certain that Murrie will be in the thick of the fight to get proper representation for the township under the redistricting program.

He has won recognition for his efforts for Antioch Township and other parts of the county. He is one of the early foes of pollution. He is a supporter of a county sewage disposal system.

Murrie is a friend of conservation so that the children and grownups of the township can enjoy natural beauties of our environment.

A vote for Murrie April 6 is a pledge for renewal of good government and economy for the township and county.

Season's Hazards

In many parts of the state, including Lake County, the bad weather has left its mark on the roads.

That section of road that you remember as bumpless a few months ago may have changed for the worse.

Freezing weather may have enlarged cracks and weak spots in the pavement and turned them into crevices and potholes.

Hitting one of these hazards at a speed that's too fast or even a speed that normally would be safe, can give a considerable jolt to vehicle and passengers, warns the Lake County Safety Commission.

A driver can also be jolted into momentarily losing control of his vehicle. And sometimes that's all it takes to cause an accident.

Don't be caught with your defenses down, suggests Director Jerry Klebe. If the road ahead looks suspicious slow down immediately. Don't delay. By the time you can identify a hazardous hole for what it is, it may be too late to take any kind of preventive action.

Have two for the road—two eyes, that is. Eye check the road just like you check all the other components of the changing traffic scene. Be alert for drivers ahead of you who may suddenly brake or swerve their vehicles in an effort to avoid a hazardous spot in the pavement.

The Safety Commission reminds you, if you're maintaining a proper following distance, of course, you don't have to worry.

McClory Mails Questionnaire

Congressman Robert McClory (R-Ill.) announced that his 1971 Questionnaire is being mailed this week from Washington to all postal patrons in the 12th Congressional District.

The poll, containing 12 questions on issues of strong national concern, has been revised this year to provide space for both husbands and wives to indicate separate views. In discussing the questions included in the 1971 poll, Congressman McClory stated: "The issues before us are critical ones—and the votes cast in Washington will touch each of us in some direct or indirect manner. I am counting on another overwhelming response from the residents of the 12th Congressional District."

Mr. McClory indicated that the

Pre-Annexation ...

(Continued from page one)
and to purchase in the "manner known as a planned development," trustees said.

The entire tract, it has been reported, is about 187 acres, with the developers owning a certain portion and another portion under option.

"Lest the present record title holders of the premises involved be required to adversely bind themselves by contract, the entire project would be set up in phases, all parties agreeing to annex each successive phase on a date certain when and if your clients exercise their option to purchase the property involved in each phase," the trustees wrote. Ted C. Larson and F. James Lumber, attorneys for the developer.

The trustees would require the developers to attach as part of the pre-annexation agreement a specific plan for development of the entire parcel which would include a site plan, a land use plan showing location of buildings, streets, parking.

Also a plan of recreational open spaces, statements of density, floor areas, phase date, and architectural sketches of typical improvements.

The trustees added, "Lest the preparation of these exhibits represent an undue financial burden upon your clients," the trustees wrote the attorneys, "payment of them toward annexation fees for phase one shall be deferred without interest until institution of phase two to the extent of \$5,000 to be used to retain the services of professional architects, planners and engineers."

Another consideration by the trustees is to allow 15 per cent of the tract to be used for multiple family, and 85 per cent for single family. The current ratio is 10 per cent to 90 per cent for multiple to single family in the village.

The developers are Dr. Edward Abderholden and Dr. John Lorange, physicians and surgeons; Dr. Albert Bucar, an optometrist, and Robert Costoff and Ted Costoff and their wives.

Plans now call for the construction of 120 garden apartment units, and would stretch over a period of three to five years. The developers would start by building one or two buildings of 12 units each then continue when 80 per cent occupancy is reached. Developers estimate total value of 120-garden apartment unit project between \$1 and \$1.5 million.

tabulated results should be available by early May, and will be sent to all District news media. The 1971 poll is the fifth questionnaire sent out by the 12th District Congressman, who was first elected to the Congress in 1962.

Any voter not receiving a questionnaire may secure one by writing to Congressman Robert McClory, 426 Cannon House Office Building, Washington, D. C. 20515.

The 12 questions posed in the 1971 poll are as follows:

1. Do you favor, in principle, the proposed Revenue-Sharing Program to return Federal tax funds to the states and communities with a minimum of strings attached?
2. Do you feel that we should abandon the research effort on the SST which was begun in 1965?
3. Do you favor the Family Assistance Plan, containing a guaranteed income floor and work incentives, to replace the existing welfare system?
4. Do you support additional Federal legislation to define and control obscenity and pornography?
5. Do you feel that the President's plan to consolidate and update executive departments and Federal regulatory agencies has merit?
6. Do you favor our policy of aid to Israel in order to maintain a balance of power in the Middle East?
7. Do you think our present Vietnam policy will be successful in ending U. S. involvement in that conflict?
8. Would you favor an all-volunteer military as an alternative

State Farm person to person health insurance

It can make you feel better.

When you're sick or hurt, you deserve a little personal attention. At State Farm person to person health insurance revives that old-fashioned idea of personal attention. Yet it protects you against today's soaring medical costs. It can even make sure you get extra money if you're in the hospital. Or an income if you're disabled. Call me about it.

Seminar On Bargaining Is Planned

Western Illinois University's College of Business and of Education will conduct a seminar on labor negotiations in public schools for administrators and school board members April 23-24 at Pheasant Run in St. Charles.

Instruction will be provided by Morris Andrews, director of negotiations, Illinois Education Association, Oakbrook; Robert J. Breving, assistant to the executive director, Illinois Federation of Teachers, Springfield; Joseph Domitry, conference coordinator and WIU assistant professor of economics and labor relations consultant in public employment; and Milton Edelman, Southern Illinois University professor of economics at Carbondale and an arbitrator for the past 15 years.

Registration deadline is April 15. The \$100 registration fee includes instruction, materials, supplies, lunch both days and coffee-breaks; it does not include other meals or lodging.

Additional information can be obtained by contacting Bob J. Davis, director of executive development, WIU, Macomb 61455.

VA intensified its outreach activities in 1970 to inform the nation's veterans, and servicemen about VA benefits.

T. Sgt. Clifton E. Swindle of Lake Villa, Ill., received the U. S. Air Force Commendation Medal at Wright-Patterson AFB, Ohio, from Lieutenant Robert W. Blandin, vice commander, USAF Orientation Group.

Horan Returns From Legion State Session

John L. Horan, Antioch, state historian for the Illinois American Legion, attended a two day executive session attended by state officials, both elected and appointed, making up a roll call of over 200 with headquarters at the Ramada Inn, Effingham.

The present day Legion membership is now 45,890, consisting of World War I, World War II, Korean and Vietnam veterans.

We'll say this for inflation. It solved the problem of what to do with our raise.

William G. Humphreys Jr., a 10 year veteran of the United States Coast Guard, is one of the men in charge of the Boat Safety Detachment at Fox Lake. He was reared in McHenry and received his early experience in pleasure boating on the Chain O Lakes.

Dividend Declared

Directors of Abbott Laboratories today declared a regular quarterly dividend of 27½ cents on each outstanding common share and 50 cents on each of the outstanding Series A preferred shares. Both dividends are payable May 15, 1971, to shareholders of record April 23, 1971.

"Serving the Lakes Region Since 1894"

The A-Cappella Choir and The Wind Ensemble will present their annual spring concert at 8 p.m. April 2 in the Antioch High School Auditorium. Ralph Brooke is vocal director of the A-Cappella Choir. The program is presented by the Fine Arts Department.

College Singers To Present Waukegan Concert On May 2

Warren Simpkins, choral director at the College of Lake County, announced that the college Community Chorus, with the CLC Singers, will present a concert Sunday afternoon, May 2, 3 p.m., at the "Little Theatre," Waukegan High School, East Campus. The concert, entitled "Folk Songs of the World," is open to the public without charge.

The Community Chorus meets Tuesday evenings on the college campus from 8 to 10 p.m. The chorus is made up of a group of people from a wide variety of occupations, including a registered nurse, a school secretary, a naval officer, a pharmacist, truck dispatcher, and housewives.

"Folks drive in from all sections of the district just to be a part of this community endeavor. About thirty people have joined together because they like to sing and enjoy the fellowship of others who have similar musical interests—an appreciation of choral experiences," stated Mr. Simpkins.

Mr. Simpkins indicated that the chorus concerns itself with a wide range of choral literature from modern contemporary to classical Baroque music and is considering doing a major choral work in the fall, probably "The Elijah." "We are always interested in expanding in circulating our singers and any Lake County adult is welcome to join the Community Chorus. Although the majority of members are not formally enrolled for credit in the chorus, and view this as a non-credit adventure, credit can be achieved for anyone so desiring.

For more information, Mr. Simpkins can be contacted at the College of Lake County, 223-8193, extension 67.

Members of the choir from the Zion area are Norma Beach, June Koetz, Ozzie Koetz, Leo Brown, Winthrop Harbor; Rick Lathrop, Gages Lake; Joe Lillstrom, Jean McGaughey, Betty Siedlecki, Ida Howland, Grayslake; Perry Lipham, Jane Toibold, Round Lake; Elma Manuel, Gail Petteree, Lindenhurst; Carol Rouge, Mundelein; Theodora Schellenberger, Round Lake; Wayne Sobczak, Arline Swanson, Ruth Austin, Lake Villa; Adaline Wandel, Libertyville; Richard Pearson, Robert Coates, Jaon Martin, Caroline Bradbury, Jeannine Naden, Waukegan; Sue Stoddard, Wildwood; Colette Dayton, Antioch; Floyd Garven, Gurnee; June Besert, accompanist, Round Lake; and Warren Simpkins, director, Grayslake.

JUST ARRIVED?

We've no red carpet to roll out; no brass band to serenade you. But we can help you with names and locations of schools, lists of community facilities, shopping information and all the other things you'll want to know about your new home town. A Welcome Wagon hostess will visit at your convenience to provide all this and gifts as well. It's all yours—free—for a telephone call to Welcome Wagon at

JA Fair Includes 4-H Group

Among the many outstanding booths at the recent J.A. Trade Fair in Chicago was a display on 4-H. To include 4-H at a Trade Fair might be considered out of place because the 4-H booth seemingly had nothing for sale. A product was actually being sold though; the product being 4-H itself. The Cost? Nothing. The assistant Extension adviser for Lake County, Bill Meserschmidt, states that the reason 4-H was invited to participate was because 4-H members also represent achievement by young adults.

Twelve 4-H members from Lake County, along with a leader, Mrs. William Walker and Meserschmidt, participated in the Fair at the International Amphitheatre. Among their displays was a very large 4-H clover banner on the backdrop which could be seen from quite a distance. Examples of 4-H projects on display included mosaics. The public enjoyed particularly a mosaic representing a rooster and three chicks. It was made from various seeds such as sunflower, rice and peas, dyed different colors and placed on a board shaped to the form of the poultry. In addition there was a 4-H Veterinary Science exhibit showing the preserved parts of an animal. Also exhibited were examples of 4-H clothing projects, including a crocheted sweater.

The 1971 Lake County 4-H King and Queen were on hand to greet visitors, Miss Janet Schoelzel of the Millburn Maidens 4-H Club and Gary Wells of the Millburn Hornets 4-H Club. The other 4-H'ers were: Robin, Gale, Dawn and Dale Walker, and Tom Bennett of War-Avon Rascals; Eileen Regner, Volo Busy Bees; Alison Hevrdejs, Sequoit Suzies; Jean Schoelzel, Millburn Maidens; and Rick Kubetz and Bruce Scottberg of the Chain O' Lakes 4-H Club.

Awards, medals and County Fair 4-H ribbons also were shown. General 4-H brochures and information on 4-H Cooperative Extension Service office locations in various counties was available for the public to take with them.

Demonstrations on 4-H projects and safety activities were given each hour by the 4-H members. The overall theme of the booth was: "4-H for Whom? For Chicago kids as well as country kids."

Librarian Back From Conference

Anne Marie Allison, director of the College of Lake County's Learning Resource Center, attended the sixth annual conference on Junior College Libraries, University of Illinois, March 25, 26 and 27. Mrs. Allison, conference program chairman, announced that the conference drew more than 300 participants from the United States and Canada.

In keeping with the theme of the conference, "The Junior College Media Center: Looks at Itself," participants were provided with an opportunity to evaluate the collections and services of the Junior College media center.

Junior College alumni now attending senior institutions gave their impressions of the Junior College Library as seen by the typical students.

Dr. Terry O'Bannon, University of Illinois, viewed the media center through the eyes of a university professor; Roger Garrison, Westport (Maine) College, presented the observations of a typical junior college faculty member; and Dr. Robert Mason, Northern Illinois University, evaluated the media center and its relationship to the adult student and evening program.

A discussion of architecture realities for Learning Resource Centers presented by a member of the architectural firm of Perkins and Will closed out the convention. A group of Junior College Librarians who have recently moved into new facilities served as reactors to the presentation and offered their own views on the ideal media center of the community college.

Veterans who served between Feb. 1, 1955, and March 3, 1968, (as well as Vietnam Era veterans) are eligible for GI Bill educational benefits. Contact the VA.

FOUR YEARS AGO THE INFORMED VOTER RETURNED LLOYD "RED" MURRIE TO OFFICE AS TOWNSHIP SUPERVISOR. HE HAS VIGOROUSLY FULFILLED THE DUTIES OF HIS OFFICE.

AMONG HIS MANY ACCOMPLISHMENTS ARE:

- ☑ The Keynote of his administration has been economy. OUR TAX RATE IS ONE OF THE LOWEST IN LAKE COUNTY.
- ☑ All Township Departments have been operated at maximum efficiency and at MINIMUM COST TO THE TAXPAYERS.
- ☑ Everyone in need, in our township, has received aid in the form of clothes, housing, and medical care, WHILE MAINTAINING A MINIMUM TAX LEVY.
- ☑ He has protected your interest by DEMANDING GOOD ZONING.
- ☑ He has established a township office, centralizing all township activities. He has maintained hours six days a week and HAS BEEN AVAILABLE AT ALL HOURS TO THE VOTERS.
- ☑ He has maintained a 100% record of attendance at county board and committee meetings. HE HAS VOTED ON EVERY MEASURE WHICH AFFECTS OUR TOWNSHIP.
- ☑ He has no other interests. He devotes full time to the responsibilities of Supervisor. All matters brought to his attention ALWAYS RECEIVE COURTEOUS AND PROMPT ATTENTION.
- ☑ All town records are in perfect order and available for inspection at any time. ANTIOCH TOWNSHIP HAS BEEN RUN IN AN ETHICAL AND BUSINESS-LIKE MANNER.
- ☑ He is fifth in seniority on the county board and has a record of SERVICE ON ALL KEY COMMITTEES. He has served as chairman and as a member of the important Finance Committee and was elected chairman of the county board—A FIRST FOR ANTIOCH TOWNSHIP!
- ☑ He was instrumental in establishing a Water Patrol for the Chain O' Lakes Area. PROVIDING PROTECTION FOR THOSE ENJOYING THE CHAIN O' LAKES.

VOTE TUESDAY APRIL 6th

Western Lake County Public Officials Endorse... Lloyd "Red" Murrie

- ☑ **William J. Murphy, Representative 31st District**
"Lloyd Murrie's years of service—the prominence he reached as Chairman of the County Board—warrants his return to office, especially in these crucial days of implementing a new Government for Lake County under the new Constitution."
- ☑ **Bob Milton, Chairman, Lake County Republican Central Committee**
"Lloyd Murrie has earned and deserves the support of the voters of Antioch Township. The respect and confidence he enjoys from his colleagues on the Lake County Board make him invaluable to his own community in securing proper representation on the many and complex matters of government that are so important to his home area."
- ☑ **Ronnie Coles, Lake Villa Township Supervisor**
"I would call Lloyd 'Red' Murrie MR. ECONOMY. His total effort is directed towards obtaining maximum benefits at minimum cost to the tax payers of Antioch Township."
- ☑ **Bob Depke, Warren Township Supervisor**
"Lloyd 'Red' Murrie is doing an outstanding job as Finance Chairman keeping the budget intact. He is a very dedicated man, he is always on the job, and he works hard for the interest of ALL THE PEOPLE."
- ☑ **Harry Robin, Grant Township Supervisor**
"Lloyd 'Red' Murrie has proven himself to be a dedicated and economy-minded public official. He has been an inspiration to me during my first two years on the board."
- ☑ **Joe Welch, Cuba Township Supervisor**
"Having served with Lloyd 'Red' Murrie on the County Board for sixteen years, I have been impressed by his dedication to County Government and to his conscientious efforts for economy. He should be returned to the County Board to carry on his programs."
- ☑ **Bob Dickson, Wauconda Township Supervisor**
"The many years I worked with Lloyd 'Red' Murrie I have found him effective, friendly and dedicated to his constituents."

These Endorsements Demonstrate Lloyd "Red" Murrie's Ability To Work With The Leaders of Lake County For the Betterment of Antioch Township.

Topics for Today's Women

Thursday, April 1, 1971 THE ANTIOCH NEWS—4

The regular monthly business meeting was called to order by Senior Regent Erna Toft. Recorder Jerri Polson read the records of attendance and several new applications. After the guides prepared the ballot, the Chapter returned a favorable vote, and these candidates will be enrolled at a later date.

After the reading of the previous minutes, the following reports were heard: Moosehaven Committee, by Chairman Dorothy Trawelski; Child Care Committee by Chairman Sharlene Stanley; Hospitality Committee, by Chairman Gladys Schroeder.

The co-workers who took part in the birthday march were Shirley Gehris, Judy Page, Leslie Jones, Rosemary Smith, and Gerry Schumann.

Senior Regent Erna Toft awarded chapter pins to Fay Dultz, Linda Schroeder, and Jean Wilson for attending three consecutive meetings. The chapter chartered a bus for a trip to the Cleero Lodge for their Green Cap Night on March 30.

The Publicity committee will hold a meeting on April 5 at the home of Jane Meyer. The Audit committee chairman Millie Stroner announced a meeting to be held on April 6 at the Moose Lodge; the next officers' meeting is on April 7 at the home of Recorder Jerri Polson.

The next chapter meeting on April 1 will be an open meeting. Membership committee chairman Jane Kish announced that Dr. Fred Bobzien will give a lecture on Cancer, and all your guests will be welcome.

Chairman Bernie Rosquist announced an Academy of Friendship meeting on April 22 at the Moose Lodge.

The hospital committee reminded the chapter to purchase their tickets for their Bib Ballon Dance, to be held on May 8 at the Lodge.

Dorcas Circle Plans Luncheon Served Program

The Dorcas Circle of the United Methodist Church will hold a "Luncheon Is Served" Program April 14 at 12:30 p.m.

Tickets are available by reservation only and information can be obtained by calling 395-2190.

Mr. and Mrs. Theodore Howell Shepard of New Orleans, La., announce the engagement and coming marriage of their daughter, Marilyn to William Francis Schwab, a former Antioch resident. A July 10 wedding is planned in New Orleans. Schwab's parents, Mr. and Mrs. Clarence J. Schwab lived in Louisville, Ky.

Noted Lawn Expert To Give Program

Paul Voykin, noted lawn expert, and author of the book, "A Perfect Lawn the Easy Way," will present a program on lawn care and maintenance at a meeting on Wednesday evening, April 14, according to Ray T. Nicholas, Lake County Extension Adviser. Mr. Voykin is the golf course superintendent of the Briarwood Country Club at Deerfield.

This program, which was planned and arranged by Nicholas in cooperation with Mr. Voykin, will be held in the Extension Building on the Lake County Fairgrounds, starting at 7:30 p.m.

The lawn expert will illustrate his presentation on lawns with color slides and will hold a question and answer period at the conclusion of his discussion.

Copies of the book, "A Perfect Lawn the Easy Way," will be on sale at the meeting and will be autographed by the author, Paul Voykin.

Antioch TOPS To Elect New Officers April 1

Installation ceremonies for the TOPS Cheerful Losers of Antioch will be held April 1st, at 8 p.m. in the Community room of the Antioch Savings and Loan building. All members are urged to attend. Chapter queen will be honored also.

New officers are leader, Eva Spicer of Fox Lake; co-leader, Peggy Svendsen of Antioch; treasurer, Mary Hanks of Fox Lake, and secretary, Carol Cable of Gurnee.

Members honored at the March 25 meeting were Eileen Moeller of Salem, Wis., as queen of the week and Jackie Mullenbach, of Paddock Lake, Wis., received her Doll of the Month for being queen for the month of March.

Anyone wishing to join TOPS may visit the meetings and decide whether they want to join. New members are always welcome.

Lakeside Rebekah Lodge No.82

By DEL JAHNEKE

Mrs. Charles Ferris, District No. Three President; Mrs. Walter Buchert, District No. Three Secretary; Mrs. Clarence Larson, Noble Grand; and Mrs. John Hagen, Antioch lodge secretary; from the Lakeside Rebekah Lodge in Antioch; attended the District Officer's Night in Waukegan Rebekah Lodge, March 25th.

The Lakeside Rebekah Lodge will hold their regular meeting on Wednesday, April 7th, at the Antioch American Legion Home, at 8:00 p.m. Plans will be made regarding the big Spring District meeting, which will be held in Antioch on May 20th. Seven Rebekah Lodges from Antioch, Barrington, Crystal Lake, Evanston, Highland Park, Libertyville and Waukegan comprise District No. Three.

Mrs. C. Larson, Noble Grand, will conduct the meeting.

Social Notes

By DEL JAHNEKE

A quick return to good health is wished Mrs. Anton Johnson, Lake Catherine, who is now at Victory Memorial Hospital. Get well cards should speed her recovery!

Mrs. John Hagen, Antioch, accompanied Mrs. Kay Kasting and Mrs. Francis Barnstable of the Lake Villa VFW Auxiliary; to the National Veteran's Administration Voluntary Service (VAVS) 25th Anniversary Commemoration, held at the Sheraton-Park Hotel in Washington, D.C., March 31st, April 1 and 2. Volunteers from 43 organizations throughout the nation will be honored for their services, and will attend business sessions, as well as many lovely social affairs, and will also take tours of our nation's capitol. Mrs. Hagen represents the National Catholic Central Service, through the auspices of St. Peter's Catholic Church in Antioch. Mrs. Marian Pechousek, Antioch, and Mrs. Hagen have been working with the blind patients at Downey Hospital and are studying braille, etc. These women are to be congratulated on their dedication, time and efforts they have devoted to others less fortunate than themselves.

Sincere condolences go to the Dr. Robert Pauletti family, Grass Lake Road, in the death of Mrs. Pauletti's father. Nearly three weeks ago, Mrs. Pauletti flew to Amsterdam, Holland, to be at the bedside of her gravely ill father. He died a few days after her arrival. Mrs. Pauletti returned to Antioch last Wednesday.

Congratulations to the John Handschiegel's, Grass Lake Road, on the birth of a baby girl, Patricia Eileen, on March 25th, at Victory Memorial Hospital. This young lady weighed 6 lb. 3 oz., and is now home with her two older sisters and brother.

under the direction of Don Beverly for their May 8 opening. Members of the cast include Valerie Humley, Becky Montooth, Harold Springer, Paul Biel, Bill Sershon, Bill and Dee Baum, Bob Lindblad, Rich Irmen, Tom Riggs, Gerri Duncan, Shirley Bunker, Hank Apostol, and Fred Holbert from Antioch.

Others are Marion Schultz from Trevor, Wis.; Mavourneen Scolaro from McHenry; Don Beveroth from Paddock Lake, Wis.; Mike Ciesielka from Mundelein, and Gerry Petters from Round Lake.

American Legion Auxiliary News

By DEL JAHNEKE

There will be a meeting of the 10th District American Legion Auxiliary, on April 14th, at 8:00 p.m., at the Antioch American Legion Home. Mrs. Robert Broege, Deerfield, District President, will conduct the meeting.

Honored guests will be Mrs. Victor Jovanovich, Ottawa, 2nd Division President, and the 10th District American Legion Officers, headed by District Commander George Fluger, Vernon.

District Americanism Chairman, Mrs. Edwin Bradke, Gurnee, will introduce the first place winners in Classes I, II and III, in the annual state Americanism essay contest. Each winner will read their essay, and then be presented with a \$25.00 U.S. Savings Bond from the 10th District Auxiliary. All winning district entries are now in division competition, according to Mrs. John L. Horan, Antioch unit Americanism chairman.

A Memorial Service will be held for all deceased members in 10th District this past year. Mrs. Richard Brady, Gurnee, District Chaplain, will lead the Service, with unit chaplains participating in the ceremony. Only chaplains from Units where members died last year take part.

The Poppy program will be emphasized with Poppy Hats, Poppy Centerpieces and Poppy Corsages contests. Mrs. Henry Heinsohn, Lake Zurich, District Poppy Chairman, says that the 10th District American Legion Officers will serve as Judges for these contests.

Mrs. Ralhmann, Antioch Poppy Chairman, relates that some of the Antioch Unit members will be entering some of these poppy contests.

District Foreign Relations Chairman, Mrs. George Mitchell of Grayslake, states that a collection will be taken for the "Pennies for Panama" CARE Community Development Fund. Panama is the country the Auxiliary is studying this year and aiding monetarily in needed civic projects.

"My Panamanian Visit", an imaginary travelogue trip through Panama, is the subject matter for the foreign relations essay contest, which is in separate classifications for senior and junior members". Mrs. Mitchell announced: "Delving into Panama's past, we find that Columbus first explored it's Caribbean coastline in 1502, and Balboa further explored it in 1513. A mountainous terrain, with tropical vegetation,

this is a fascinating country to study. The foreign relations scrapbook contest, entitled "Panama and It's People", gives a member opportunities to learn more about the Central American country, and to know the Panamanian people".

There is also a foreign relations doll dressing contest for Junior members only. These dolls must be dressed in authentic original native dress.

"In many of the rural areas, their schools, water systems, health facilities and roads are woefully inadequate. Here is where contributions from the American Legion Auxiliary are helping to provide the community development so desperately needed," concludes Mrs. Mitchell. She urges members to enter these contests, and Units to make donations to this Fund.

Mrs. Bernard Stadler, Antioch, is chairman of the Antioch Unit hostess committee for this April 14th District meet. Mrs. John W. Horan is the Antioch Unit President.

Antioch Airman Completes His Basic Training

Airman Alan C. Elliott, brother of Mrs. Rita D. Stecher of R.R. 2, Antioch, Ill., has completed basic training at Lackland AFB, Tex. He has been assigned to Lowry AFB, Colo., for training in the supply field. Airman Elliott, a 1969 graduate of Antioch Community High School, attended Aurora (Ill.) College.

The gorilla is the largest of the great apes. A very big male may weigh 600 pounds, but few actually weigh over 400 pounds.

In the last 10 years, Commonwealth Edison has retired 65 coal boilers, along with doing many other things. In the last half of 1970, we reduced sulfur dioxide emissions from our Chicago plants by 60 percent.

Commonwealth Edison has modernized, modernized and modernized some more. All with the twin thoughts of giving you the electricity you need and the cleaner air you should have.

We've shut down coal boilers. We've purchased 30-million tons of low-sulfur coal from western states, and we've commissioned fleets of trains to haul it to Northern Illinois. We're installing systems to remove sulfur fumes from our exhausts. We've displaced 5 million tons of higher sulfur coal by switching to

gas wherever possible. And we've refitted a whole station to burn low-sulfur oil.

Beyond that, we're putting nuclear energy, the clean smokeless fuel of the future, into operation. Two units are in service now, seven more are either under construction or planned.

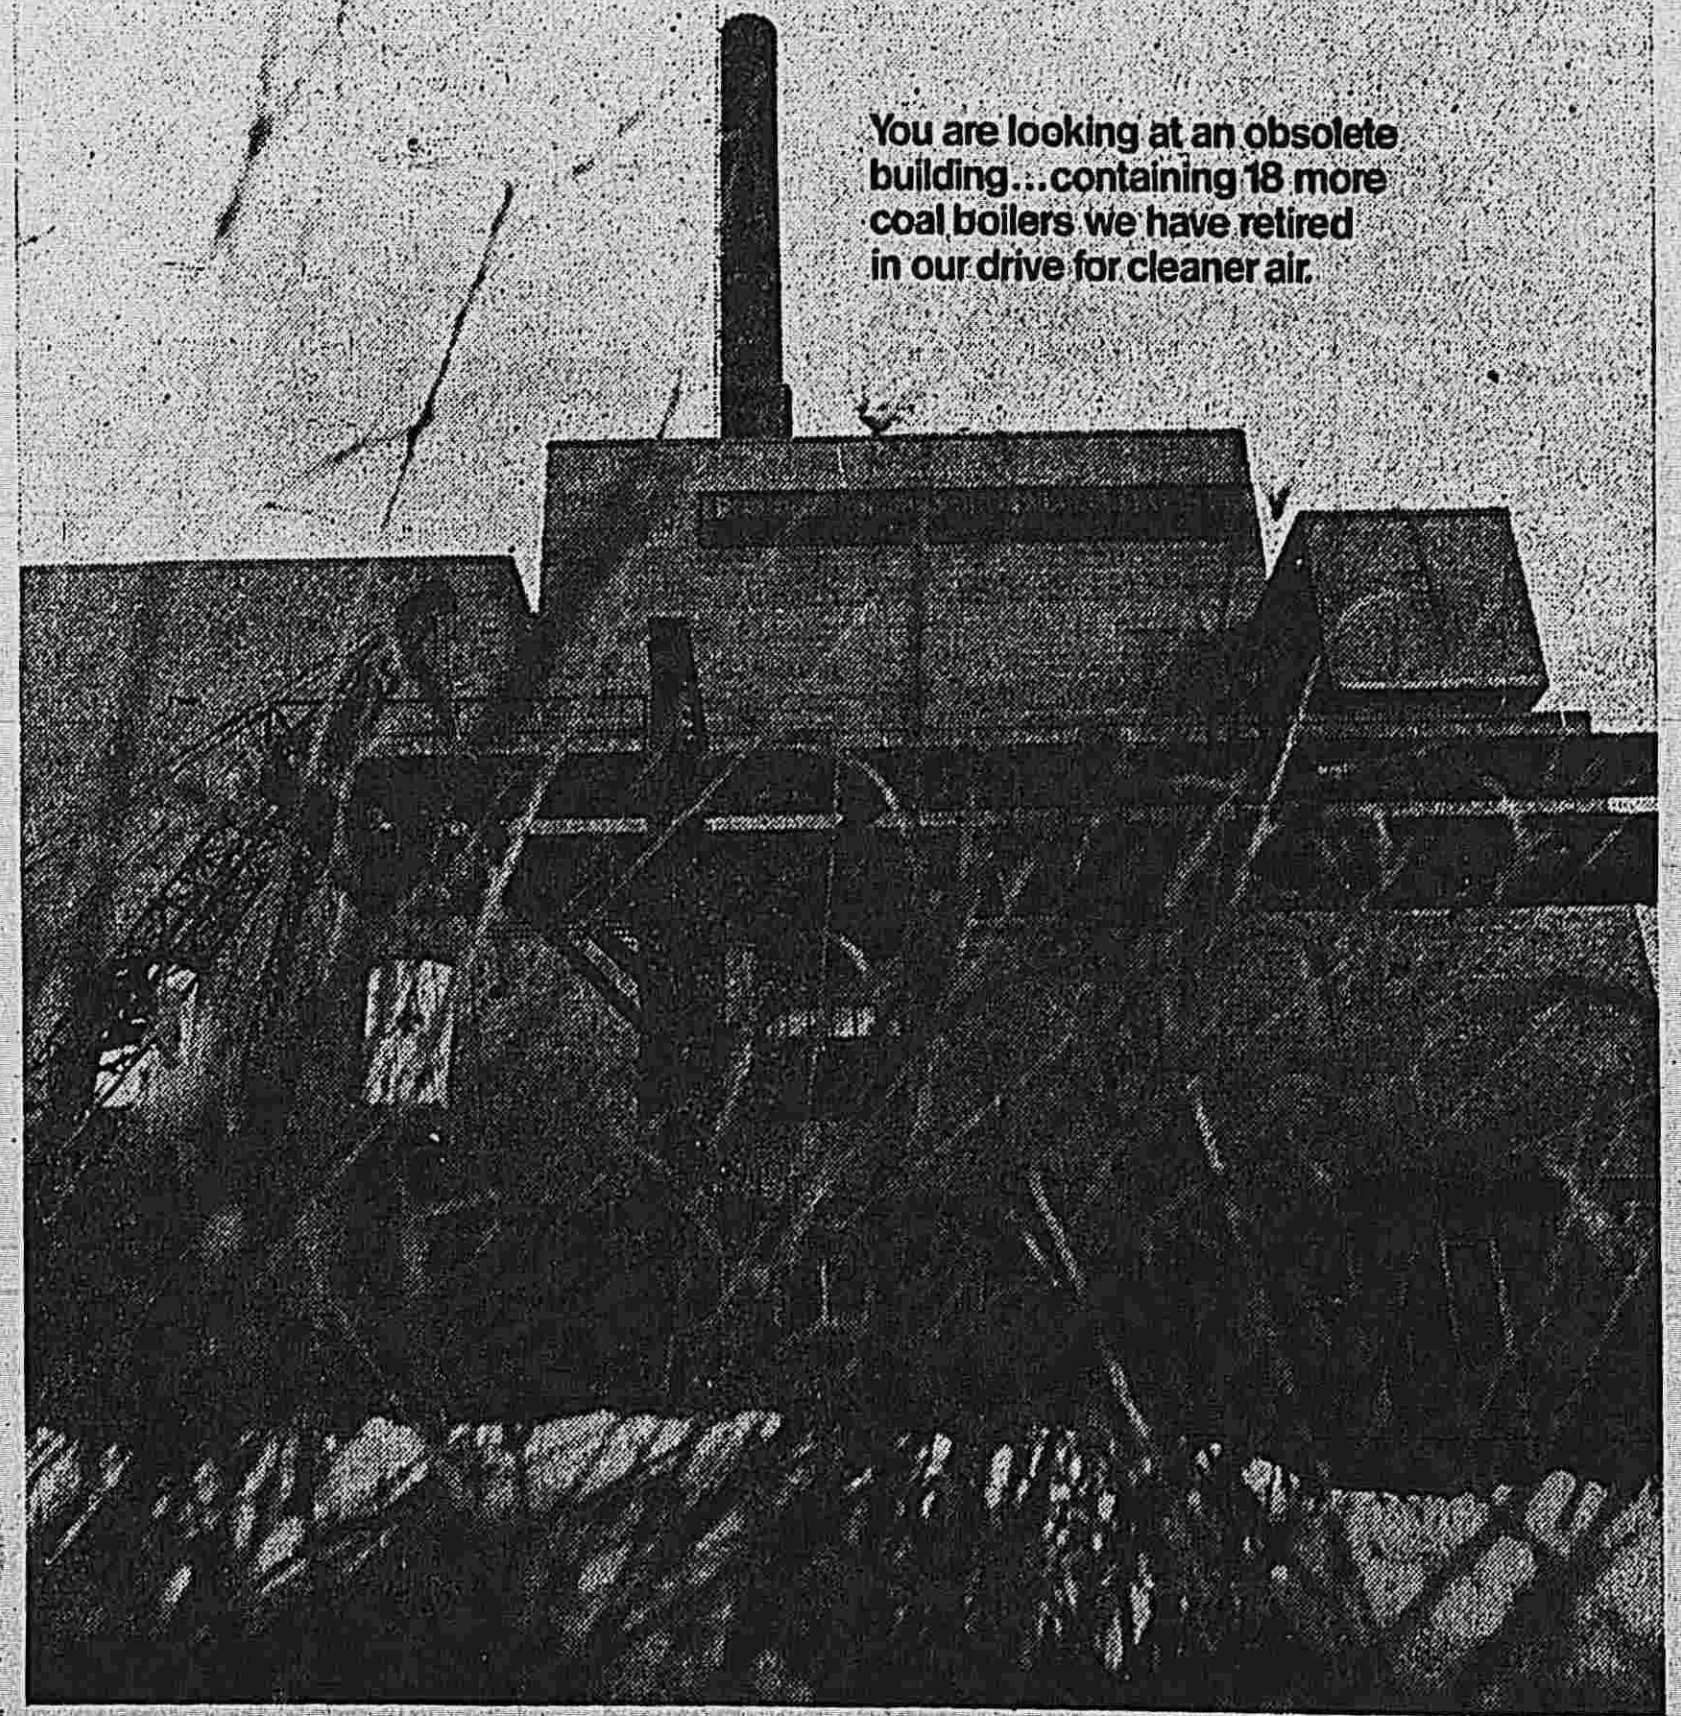

We know that electricity makes jobs possible, runs lifesaving devices, transports, comforts you, brings you light and warmth. And we have no intention of failing you on any of that.

But we're confident we can help keep our air fit to breathe in, too. And we're doing it. C.E.C.

Commonwealth Edison
concern for your total environment

You are looking at an obsolete building...containing 18 more coal boilers we have retired in our drive for cleaner air.

McClory Attends Tricia Nixon Engagement Party

President and Mrs. Nixon have announced "officially" the engagement of their daughter, Tricia, to Mr. Edward Finch Cox, son of Mr. and Mrs. Howard Cox of New York City. The announcement followed an "evening of entertainment" at the White House, which was attended by the Prime Minister of Ireland, Jack Lynch and Mrs. Lynch.

Among the handful of Congressional guests were Congressman Robert McClory (R-Illinois) and Mrs. McClory. Other guests included leading Irish-American personalities such as Mr. John McDevitt, national head of the Knights of Columbus and Mrs. McDevitt of New Haven, Conn. Morton Downey, retired singer of Irish ballads and members of the President's cabinet and White House staff. Guests also included a large number of personal friends of Tricia Nixon and Ed Cox and friends of the Cox family.

Theatre of Deaf To Present Two Performances

The Little Theatre of the Deaf (Eugene O'Neill Foundation, National Theatre of the Deaf), is coming to the Deerfield High School Auditorium Sunday, April 18, for two performances: 3:30 p.m. and 7:30 p.m.

The benefit performances are sponsored by Deaf Children of Lake and McHenry Counties Association of Parents and Friends and the tickets are \$1.00 for children and students, and \$2.00 for adults. George Patterson of Waukegan is president of the association.

Parents Urged To Guard Kids Against Strep Throat

"Bobby just has a simple sore throat. Nothing really serious." This is a story thousands of Chicago area mothers will repeat to their husbands, neighbors or children's teachers this spring. Unfortunately some of these simple sore throats will be caused by strep infection which may lead to rheumatic fever or kidney disease.

The Heart Association of Lake County today urged parents to take extra precautions to guard their children against these serious childhood diseases. The announcement was made by Dr. John P. Freeland, chairman of the education committee of the Heart Association of Lake County.

Early discovery and treatment of strep is an important step in the fight against permanent heart damage and premature death from rheumatic heart disease or against glomerulonephritis, a kidney disease.

"The only way to determine if your child's sore throat is caused by strep infection is to have a throat culture taken by your doctor," said Dr. Freeland. "Sore throats caused by a virus may be just as uncomfortable as strep, but only strep throat leads to rheumatic fever."

Dr. Freeland pointed out that only about three per cent of untreated strep cases lead to rheumatic fever.

"Because there is no way of knowing who will get rheumatic fever, strep throat should always be treated with care," the doctor

emphasized. "Nearly all of the 215 cases of rheumatic fever in the city of Chicago last year could have been prevented with early treatment."

"Penicillin is the usual treatment," Dr. Freeland continued. "It must continue to be taken according to the doctor's directions even though the child appears to have recovered."

Strep infection is a common childhood illness that is most prevalent in crowded neighborhoods. It spreads rapidly in the classroom or among brothers and sisters.

According to the Heart Association of Lake County, only about 20 per cent of rheumatic fever cases result in permanent heart damage. This damage is caused by inflammation and scarring of the heart muscle and valves, which may interfere with the heart's ability to pump blood.

Children who have had rheumatic fever must be especially careful to avoid recurring strep infections, which could lead to repeat attacks of rheumatic fever and more heart damage," Dr. Freeland warned. "It is essential that they continue to take daily doses of penicillin or sulfa drugs or a monthly injection of penicillin."

The Illinois Department of Public Health maintains a statewide rheumatic fever registry program that provides free medication against strep infection for people who have had rheumatic fever. The program is administered locally by city and county health departments.

Free pamphlets on rheumatic fever, available in both Spanish and English, can be obtained by writing the Heart Association of Lake County, 1111 Greenwood, Waukegan, Ill. 60085. (244-1210).

County Organ Society Picks New Officers

The Lake County Chapter of the Hammond Organ Society elected its slate of officers for the coming year at the annual meeting held Tuesday night, March 23, at the Lindenhurst Civic Center.

The officers are Harry Mitchell, President; Bert Davis, Vice President; Mrs. Virgil Stewart, Secretary; and Miss Mildred Biere, Treasurer.

The society meets on the 4th Tuesday each month at the Civic Center and is entertained by various organists, most of whom are in the professional field.

Plans have already been laid for the 1971 season, which include an All-student program in April, an organ concert by a well-known artist in May, a summer picnic, a Halloween party and a Christmas party. At all affairs, organ music predominates.

The Hammond Organ Society, Lake County Chapter, was formed by a small group of organ enthusiasts in 1960 and has grown to a present membership of 100.

This is a social group with an appreciation for organ music. The public is invited to the monthly programs.

Abbott To Withdraw Intravenous Fluids

Abbott Laboratories said today it will cooperate with the Food and Drug Administration in effecting an orderly withdrawal of its intravenous solutions from hospitals as their needs are met by other suppliers. Because Abbott supplied 45 percent of all the intravenous solutions used in the United States, the company will continue to cooperate with

FDA by making them available on an emergency basis only until they can be supplied by other sources.

"It appears that this is the most prudent course of action until the scope and source of the problem can be more clearly identified and corrected," said Edward J. Ledder, President.

Sales of intravenous solution products from Abbott's two United States plants represented approximately 8 percent of Abbott's total net consolidated sales in 1970.

In addition sales of certain other products, principally intravenous solution administration sets, are, to varying degrees, dependent on intravenous solution sales.

It is estimated that sales of other products which were directly dependent on Abbott's intravenous solution products totaled approximately an additional 3 percent of Abbott's total net consolidated sales in 1970.

It is not possible to predict the time which may be required to resolve this particular problem or to predict the effect that this problem and the costs associated with it will have on Abbott's future sales and earnings.

Utility Makes Available Booklet On Drug Abuse

A 20-page booklet on drug use and abuse entitled "Conversations on Drugs," is being made available free of charge by Commonwealth Edison Company and WBBM-TV as a public service.

The booklet is based on a seven-part television series on drugs originally broadcast last summer. Edison sponsored the program, which was produced and moderated by WBBM-TV director of Community Affairs Paul Cahill.

"Conversations," distills the best of over 10 hours of frank, incisive commentary and nearly a year of research by experts in the fields of education, medicine, psychiatry and sociology. Immediate reaction to the program was overwhelming. During "live" segments of the show when viewers could phone in, more than 4,000 questions were directed at the panelists.

John Hughes, manager of Edison's Waukegan area, said "Conversations" offers no pat answers but comes to grips with one of the nation's most serious problems.

"If you're a parent, a student, over 30 and establishment or elementary school age, we believe you'll find this booklet has something to say to you personally," Hughes said. "It faces the question of drug use squarely. Too often society's inability to cope with a crisis is the result of ignoring the problem and hoping it will go away. This booklet attempts to provide understanding and insight into a problem that demands our concern."

Among the topics "Conversations" covers: the history and spread of drug use, the LSD mystique, drug culture, drugs in school, pills, cigarettes and alcohol as adult "drug substitutes," the credibility gap between parent and child.

Panelists on the television special included Dr. Daniel Freedman, chairman of the psychiatry department, University of Chicago; Dr. Joseph Skom, assistant professor of medicine, Northwestern University; Dr. Charles Schuster, associate professor of psychiatry, University of Chicago; Dr. John Chappel, assistant professor of psychiatry, University of Chicago; Dr. Ed VanGardner, headmaster of Chicago Latin School; William Finch, principal of Wendell Phillips High School; Randy Webber, founder of the North Shore Drug Information and Rescue Service; and Dan Rowley, founder and director of the Drug Study Group and assistant district executive of the Northeastern Illinois Council Boy Scouts of America.

For a copy of "Conversations on Drugs" write to: "Drugs," Commonwealth Edison Company, Advertising Department, P. O. Box 767, Chicago 60690, or call 294-3083. Quantities are also available to groups on request. The number of booklets is limited. Copies will be distributed on a first-come, first-served basis.

Three GI Bill Investments \$21.7 Billion

The Veterans Administration revealed today the American People have invested an estimated \$21.7 billion to educate 12.4 million veterans under three major G.I. Bill during the past 20 years.

The agency noted that a current G.I. Bill training allowances, it spends about \$6,300 during the 36 months required for a veteran to earn his college degree.

Armed with this degree, a veteran can then expect to earn about \$213,000 more in his lifetime than he could if he were only a high school graduate, according to the Bureau of the Census.

The Bureau of Internal Revenue estimates it will collect roughly \$40,000 in taxes on the extra income.

Thus, the Federal Government stands to get back more than six times its original investment of \$6,300.

Last year, participation in all of VA's educational programs peaked at 1,025,000 in November—a 31 per cent increase over the 783,000 trainees on the rolls in November 1969.

Veterans and servicemen become eligible for educational benefits after serving more than 180 days of active duty, any part of it after Jan. 31, 1955, or if discharged for a service-connected disability after any length of service.

Constitution Copies Now Available

Copies of the new Illinois Constitution in the form that it was presented to voters last December 15 are currently available, Secretary of State John W. Lewis said today.

The 24-page publication should be of particular value to teachers, students and others in the educational field because, in addition to the text, it contains explanations of the various provisions, Secretary Lewis said. Constitution booklets now being prepared will not contain those explanations.

The publication is the same size as a tabloid newspaper, and is called the "Proposed Constitution for the State of Illinois, official text with explanation, submitted by the Sixth Illinois Constitutional Convention."

The publication may be picked up in person at the DeGroot Motor Service Warehouse, 340 North Clinton Street, Chicago, between 7 a.m. and 5 p.m. Mondays through Fridays.

Mail requests for single copies may be directed to the Index Division of the Secretary of State's office, State Capitol, Springfield, Illinois 62706.

One of the related passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "Everything good or worthy, God made. Whatever is valueless or baneful, He did not make,—hence its reality."

Services begin at 11 A.M. at First Church of Christ, Scientist, BEACON HILL, Rte. 173 and Harden St., Antioch, Illinois. All are welcome.

One of the top entries in the Vizsla Club of Illinois weekend event was Jodi, owned and handled by Lew Simon of Antioch. Jodi won first place in the open gun dog stake and second place in the open limited gun dog.

Vizsla Club Holds Spring Field Trial

The weekend of March 27 and 28, the Vizsla Club of Illinois held its annual Spring Field Trial.

The exciting display of the dogs' hunting ability was run on the grounds at the Bong Recreation Area, 15 miles straight north on Routes 83 and 75.

Some of the finest dogs from the midwest area participated in the event. Entries came from Iowa, Ohio, Missouri, Minnesota, Wisconsin and Illinois.

There was an entry of 120 dogs with the breeds being Vizslas, German Short Haired Pointers, German Wire Haired Pointers and Weimaraners.

The stakes and entries were as follows: Open Puppy, 6 to 15 months—40 entries; Open Derby, 6 to 24 months—23 entries; Amateur Gun Dog, 6 months or older—13 entries; Open Gun Dog, 6 months or older—23 entries; Open All-Age, 6 months or older—6 entries; and Open Limited Gun Dog, 6 months or older—15 entries.

The American Kennel Club requires the dogs to be steady to wing and shot for the last four stakes.

The Open Limited Gun Dog stake was a prize money stake for the two dogs placing 1st and

2nd. The dogs entering this stake must have won a 1st in an Open Derby Stake or a 1st, 2nd, 3rd or 4th in a Gun Dog stake in order to participate.

One of the top dogs for the weekend event was a Vizsla, Field Trial Champion, "Jodi," owned and handled by Lew Simon of Antioch.

"Jodi" won 1st place in the Open Gun Dog stake and 2nd place in the Open Limited Gun Dog.

Through the last few years "Jodi" has accumulated many trophies and ribbons for his owner. He has won 45 placements with a total of 41 American Kennel Club points. A dog needs 10 points to become a Field Champion, so "Jodi" has more than proven his ability to win.

He has also proven his ability to sire winners with Lew owning Jodi's first son, Champion "Jodi's Micky Finn" who is a Bench (show) Champion.

"Jodi" is not only tops in the field but at home too. Being an exceptional pet and house dog "Jodi" has brought many happy hours to the whole Simon family.

Joliet Chargers Denied Admission To League

For the second time in three months the Joliet Chargers of the Midwest Pro Football League have been refused admittance in the Central States League. Joliet had offered to buy the West Allis Spartan Franchise with the intent of completing that team's schedule in 1971 in the CSFL.

League board of directors denied the transfer and West Allis will remain on this year's schedule. The Spartans will realign their ownership structure but their existing team will remain intact for competition this year.

Jordan Kopac of Milwaukee is the new general manager while Harry Gilbert has been named head-coach for '71.

The door has been left open for

the Chargers, since the CSFL board recommended the Joliet contingent be invited to the first league meeting after the '71 season, to make a new appeal for a franchise in the league.

Most league officers were reluctant to grant entry at this time because scheduling has been completed and they did not wish to lose a team from Milwaukee County, the largest metropolitan area in Wisconsin.

Presiding at the CSFL League meeting was President pro tem Alan Miller. Miller was acting in the absence of commissioner Herb Veiser who had been hospitalized last week with severe chest pains. Miller will continue to act in that capacity until the

commissioner has sufficiently recovered to reassume his duties. Miller is the former general counsel for the National Football League Players Association.

The Lake County Rifles had withheld release of their schedule pending final disposition of the West Allis-Joliet problem. Now that the resolution has been determined the Rifles reveal they will play the following thirteen game schedule:

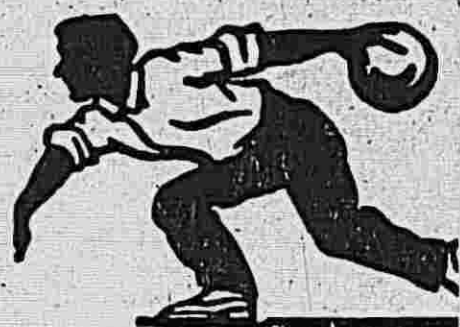

EXHIBITION:

July 31—Racine, away.
Aug. 7—West Allis, home.
Aug. 14—Des Moines (Shrine Game), home.

League Games:

Aug. 21—Delavan, home.
Aug. 28—Rockford, away.
Sept. 4—Sheboygan, home.
Sept. 11—West Allis, away.
Sept. 18—Madison, away.
Sept. 25—Racine, home.
Oct. 2—Rockford, home.
Oct. 9—Manitowoc, home.
Oct. 16—Racine, away.
Oct. 23—Delavan, away.

All Rifle home games will start at 8 p.m. at Carmel Stadium in Mundelein this coming 1971 season. Season ticket orders can be made by calling the Rifle office at 362-8050.

THE ANTIOCH NEWS—6

The 30th annual Antioch High School Athletic Banquet was sponsored by the Lions Club of Antioch. Shown from left are Dick Daniel, Lions Club president; Bob Jarvis, baseball; Chip Gross, football; Keith Bolton, basketball; Dave Yuska, golf; Gary Mandehr, cross-country, and Tom Jorgensen, basketball coach at Northern Illinois University, who was the featured speaker at the dinner.

When Going To Work Drive Carefully, Commission Urges

Driving to work is a privilege you can lose—not because the company can forbid you to do it, but because an accident can destroy your car—or kill you, warns the Lake County Safety Commission.

What's different about driving to work from driving at any other time? Not much, and all the ordinary safe driving rules apply. But for most of us, there are some special angles to driving to and from work.

First of all, we usually do it at rush hour. That means that we face just about the heaviest traffic, both on foot and in cars. It means that folks will be in a hurry. In the morning, some of them will be bleary-eyed from being short of sleep, and at night some of them will be dog-tired from the day's work.

So we have to figure the rush hour is a time for holding the

speed down and our attention up, to allow for the failures of the other guys.

Sometimes, particularly in the evenings in winter, we have to do our driving from work when the light is poor. Statistics show that this winter-time rush hour is the deadliest time for pedestrian accidents. Just check back and you'll remember some times when you were almost on a pedestrian before you saw him—and the chances are that time was at dusk.

So give yourself an extra margin of safety in those evenings when the light is dim, suggests Jerry Klebe, Director of the Safety Commission.

The rush hour drive to and from work is no place for a jumpy in bad repair. Have your brakes, lights, windshield wipers and other equipment checked frequently and repaired promptly

when they need it.

Bad weather calls for extra caution. Snow, ice, or wet pavements will make it harder for you to stop quickly. Snow, fog or rain will cut your visibility down. Any such condition demands still more caution and reduced speeds.

For the rest, driving to and from work is just a matter of normal good driving practice. It means obeying traffic signals and speed limits. It means signalling turns and stops, staying in your own lane, yielding the right of way at intersections. It means driving in a businesslike way, not in a reckless or showoff way.

It means scheduling your trips so that you have time enough to get to work before the whistle without having to drive faster than conditions make safe, suggests the Safety Commission.

213 Finish Driver Improvement Program

Two hundred thirteen employees of North Shore Gas Company, including the firm's entire Operations division, recently completed a driver improvement program designed to bring about a maximum of accident-free driving.

Edwin M. Taber, president of North Shore Gas, said that the employees participating in the Smith System course included meter readers, servicemen, bill collectors, and "other employees who spend a number of on-the-job hours behind the wheel of a company vehicle."

"Most everybody today knows how to drive. And, let's face it, everybody feels he's a good driver, and North Shore's employees are no exception. But there's always room for improvement," Taber said.

"The Smith program was developed by a veteran driving instructor who has successfully trained thousands of professional drivers to become the better drivers that they thought they were."

"Last year, our Operations peo-

ple drove nearly two million miles while engaged in their jobs. So far this year, North Shore employees have recorded more than 300,000 miles on the company's 120 trucks and 60 automobiles. That's a lot of driving, and that's why we think the money we spent to have our employees take this excellent safe driving program will pay off," Taber noted.

The driving program began last November, and "classes" were conducted in a special training vehicle, with the instructor from the Smith Driver Improvement Institute training five employees each day.

Each employee first drove for 10 minutes, as the instructor observed his driving ability. After a short talk in which each driver's strengths and weaknesses were discussed, the instructor then took the wheel and drove, using principles of the Smith System. Finally, each of the employees drove again, using the techniques the instructor had demonstrated.

The Smith System, recognized by the country's leading driving authorities and safety groups, including the National Safety Council, emphasizes development of the driver's awareness and teaches him to leave a cushion of space around his vehicle.

Five "keys to space cushion driving" are stressed in the prac-

tice sessions and in the booklet provided each participant. The rules are: 1) "aim high in steering"—look ahead in the center of the lane in which you're driving; 2) "get the big picture"—around you, in front of you, and behind you; 3) "keep your eyes moving"—so that you know what other drivers and pedestrians are doing; 4) "leave yourself an out"—learn to anticipate the unexpected; and 5) "make sure they see you"—use your eyes, your lights, and your horn to communicate to other drivers and pedestrians.

Typical of the reactions of North Shore employees who had completed the course were comments made by Robert T. Stilwell, a Fitter 1st Class at the company's South Service Shop at Deerfield. Stilwell, who lives at 726 N. Wayne, Wheeling, said, "The driving instructor was very good; he got his points across. Everyone I know who was in the program is still talking about it. It was THAT good!"

North Shore Gas Company employee Robert Stilwell, behind the steering wheel, gets a critique of his driving from Mel Tracy, instructor from the Smith Driver Improvement Institute. Four North Shore employees in rear seats are John Burby, Effo Corsini, Donald Prims, and David Edwards. The company's entire Operations division of 213 men recently completed the driver improvement course.

Seven Vie For College Board Seats

Seven candidates will seek to fill three openings on the College of Lake County Board of Trustees.

Two incumbents, Theodore E. Paxton, Zion, and Charles Neal, North Chicago, head the ballot, followed by the five other candidates, listed on the ballot in order of filing: Robert T. Wright, Libertyville; William D. Smart, Waukegan; Helen H. Kopriva, Antioch; John M. Jakaitis, Waukegan; and John William Cappitelli, Lake Villa.

Under law, one member of the Board must be from an unincorporated area of the district, so at least one candidate will be seated as a representative of the unincorporated area. Three of the candidates, Paxton, Wright, and Cappitelli, live in unincorporated areas.

Dr. S. Robert Hoekstra, administrative assistant to the Pres-

Vet Wills Fortune To United States

David Hughes of Charles Town, W. Va., was so appreciative of his last 50 years of life that he willed his entire fortune to the United States Government.

In his "last will and testament," Hughes directed his executor, after paying Hughes' debts, to give the balance of his estate "to the United States for the use

dent at CLC, reminded voters that requirements for voting in the junior college election are the same as for other school elections.

Persons must be registered voters over 21, who have lived in the state one year, in the county for ninety days, and in the district for thirty days.

Dr. Hoekstra also reminded voters that each voter must vote at the polling place in the precinct where he is a resident.

Antioch voters will vote at the Antioch High School.

and benefit so far as the law allows of the Veterans Administration."

Hughes received an honorable discharge as a seaman second class from the Navy in 1920, and spent the remainder of his life in VA hospitals.

In his will, dated May 22, 1958, Hughes accounted for his generosity to his country by saying he was "motivated by gratitude to the United States, and more particularly the Veterans Administration and the successive administrators and officers thereof, for the great consideration and kindness shown me and the care and assistance lent me by them ever since I was injured in the military service of this, my country, in World War I."

Hughes' last testament continued: "I make the said devise and bequest as a small acknowledgment, although the largest I can make, of my gratitude to my

country and its Government and its public servants charged with the care so generously accorded me and other veterans of war."

A check for \$3,990.64 was received by the U. S. Treasury which passed it along to the Veterans Administration a short time ago.

Administrator of Veterans Affairs Donald E. Johnson in Washington, D. C., said that Hughes' gift will be added to the VA Post Fund for private needs of hospitalized veterans not covered by Congressional appropriations, such as for the purchase of television sets.

Mr. and Mrs. Voter:

If Re-elected April 6th, I, Lloyd "Red" Murrie Your Antioch Township Supervisor, Pledge To You That:

1. I will represent Antioch Township forcefully in the redistricting that Reapportionment will bring next year. Without mature, recognized, leadership this township could suffer seriously in this reapportionment struggle.
2. I will continue the economies that assure maximum service to the taxpayer at minimum cost.
3. I will continue the forward momentum that has characterized Antioch Township while I have served you as Supervisor.
4. I am pledged to protect our township from the ravages of pollution. High on this priority list is the development of a county sewer disposal system.
5. I am determined to do all in my power to bring hospital facilities to West Lake County.
6. I am pledged to expanded conservation efforts for our township, so that we and our children can enjoy the natural beauties of our environment.
7. As a member of the important county board finance committee, I will do my utmost to eliminate the problem of drug abuse through the concerned county departments. Antioch Township will have this serious problem attacked effectively.

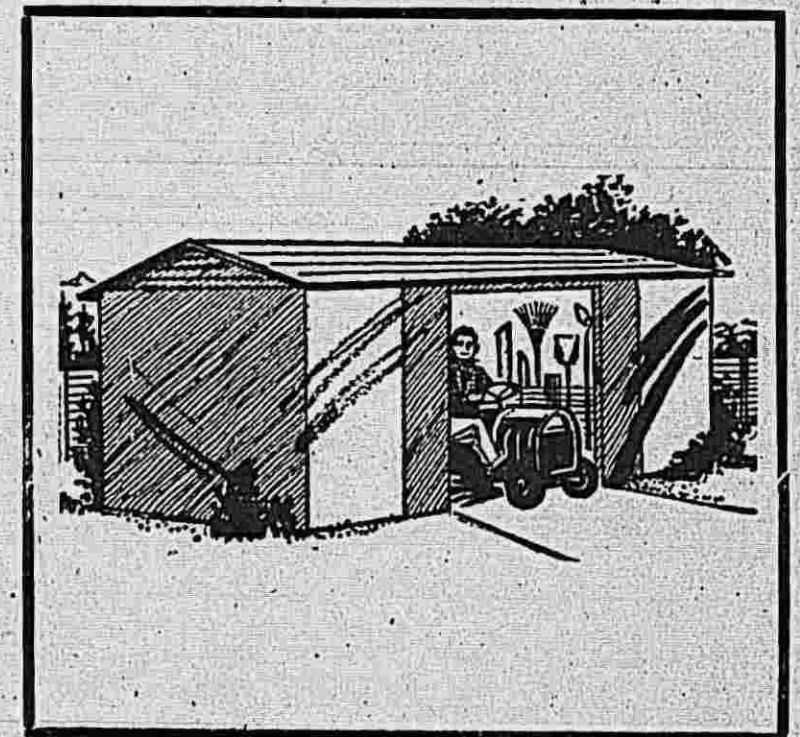

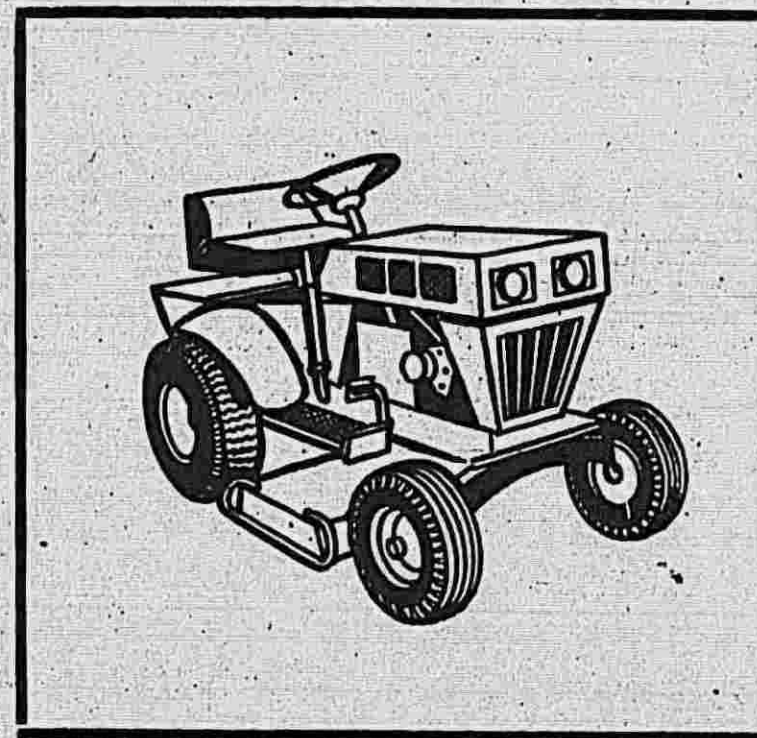

MY EFFORTS WILL NOT BE LIMITED TO THESE PLEDGES. THE MANY OTHER MATTERS CONFRONTING OUR COUNTY AND TOWNSHIP WILL RECEIVE MY DELIBERATE ATTENTION.

Sincerely yours,

Lloyd E. Murrie

FUNERAL NOTICES

MINNIE SOLIS DIBBLE

Mrs. Minnie Solis Dibble — 81-years-old of 285 Chestnut Street—Antioch, Ill. passed away at 7:45 a.m. on Sunday March 28th. at Kendall Memorial Hospital in Libertyville, Ill. She was born Sept. 28, 1889 in Sandoval, Ill. and has resided in O'Fallen, Centralia, & McHenry, Ill. before moving to Antioch. She had been a member of Olson Camp No. 459 of the Royal Neighbors of America. She was preceded in death by her husband Walter I. Dibble on July 5, 1960.

Survivors are 2 brothers Ted & Clarence Solis (both of O'Fallen, Ill.)—one sister Mrs. Mae Atchinson, Centralia, Ill., and several nieces and nephews.

Visitation was at the Strang Funeral Home in Antioch on Monday. Graveside services were held at Evergreen Cemetery at Central City, Ill. where Dr. Steven B. Phillips of the Methodist church officiated.

MRS. MARION S. KLEVEN

Mrs. Marion S. Kleven, 65 years old of Lake Marie near Antioch, passed away Sunday, Mar. 28, at 4:30 p.m. in her home. She was born Dec. 25, 1905 in Galatz, Romania and came to the United States in 1923 to reside in Chicago until moving to Antioch 24 years ago. She was past matron and member of Antioch Chapter No. 428 Order of Eastern Star, and a member of Olson Camp No. 459 of the Royal Neighbors of America. She married Harold L. Kleven on June 17, 1938 in Davenport, Iowa. Her husband Harold L. Kleven is her only survivor.

Funeral services were held at 1:30 p.m. Wednesday at the Strang Funeral Home in Antioch. Rev. L. H. Messersmith of the Millburn Congregational Church officiated. Interment was in Hill-

side Cemetery at Antioch. Antioch Chapter No. 428 of the O.E.S. held a service at 8 p.m. Tuesday at the funeral home.

EDWARD J. BRIXEN

Edward J. Brixen of Tucson, Arizona, and formerly of Antioch, passed away March 28, after a lingering illness. He was 80 years old on March 19th. He was preceded in death by his wife, Hazel, on January 16, 1970, and a son, Edward, in June 1969, and a sister, Sarah Genung on October 25, 1970.

He is survived by two daughters, Evelyn Ramirez and Dorothy Runyard of Tucson and a son, Earl, of Safford, Ariz., also a sister, Mrs. Fannie Lemker of Antioch and several grandchildren and great-grandchildren.

The population of the nation's veterans rose during 1970 from 27.3 million to almost 28,000,000 by the end of the year.

Legal Notice

LEGAL COUNTY ZONING NOTICE STATE OF ILLINOIS)) SS
COUNTY OF LAKE)
TO WHOM IT MAY CONCERN:
PUBLIC NOTICE is hereby given to all persons in the Town of ANTIOCH, Lake County, Illinois, that a public hearing will be held on April 22, 1971, at 1:30 P.M., in the Antioch Savings and Loan Association, 425 Lake St., Antioch, Illinois, relative to a proposal to vary the terms of the Lake County Zoning Ordinance, as to the CR-Commercial Recreation Zone, for a variation in the required setback from 75 to 30 feet on the following described real estate, to-wit:
Property located on Ackerman Drive, 2 1/2 miles West of Rt. 59 and Grass Lake Road, described as:
Lots 124, 125 in J. L. Shaw's Subdivision on Fox Lake in Section 35, Township 46 North, Range 9, East of the 3rd P. M., according to the Plat thereof, recorded July 15, 1909, in Book "H" of Plats, page 38, as Document 123552, in Lake County, Illinois.
As a result of the petition of WILLIAM STRZLECKI & PHYLLIS STRZLECKI, which petition is on file and available for examination in the office of the Lake County Zoning Board of Appeals, County Administration Bldg., Waukegan, Illinois.
All persons interested are invited to attend said hearing and be heard.
LAKE COUNTY ZONING BOARD OF APPEALS
THOS. Z. HAYWARD
Chairman
Dated at Waukegan, Illinois, this 1st day of April, 1971.

LEGAL NOTICE
Notice is hereby given that Sealed Bids will be accepted by the Grass Lake School, District 36, on the work necessary to complete Priorities No. 3 and No. 4 as outlined in Safety Survey Report to comply with the Illinois Life Safety Code on Boiler Operation. Specifications may be obtained from William J. Hart, Supt. at the Grass Lake School, Route 1, Box 716, Antioch, Illinois. Bids are due in the school office by April 13, 1971 at 4:00 p.m.
The Board of Education reserves the right to reject any or all bids and to award the contracts separately.

March 20, 1971
Gary Vaughn, Pres.
Marilyn Haling, Secy.

LEGAL CLAIM NOTICE IN THE CIRCUIT COURT OF THE NINETEENTH JUDICIAL CIRCUIT, LAKE COUNTY, ILLINOIS
PROBATE DIVISION
ESTATE OF MARGARET AMANDA HOFFMAN, deceased.
FILE NO. 71 P 148
NOTICE IS GIVEN of the death of MARGARET AMANDA HOFFMAN of Antioch, Illinois. Letters of Office were issued on March 11, 1971, to GEORGINA M. CAREY of 744 N. Main Street, Antioch, Illinois, Administrator, whose attorney is LARSON AND LUMBER, 388 Lake Street, Antioch, Illinois.
Claims against the estate may be filed in the Probate office of the Clerk of said Court, 18 N. County Street, Waukegan, Illinois 60085, within 7 months from the date of issuance of letters; any claim not so filed is barred as to the estate inventoried within that period. Also copies of claims must be mailed or delivered to the Administrator and to the attorney.

STEPHANIE SULTHIN
Clerk of the Circuit Court
(Mar. 18-25, Apr. 1, 1971)

LEGAL ANNUAL TOWN MEETING
NOTICE IS HEREBY GIVEN to the legal voters, residents of the Town of Antioch in the County of Lake and State of Illinois, that the Annual Town Meeting of said Town will take place on TUESDAY, APRIL 13, 1971, being the second Tuesday of said month at the hour of 2 o'clock P.M., at Recreation Room of Fire Station for the transaction of the miscellaneous business of the said town; and after a Moderator having been elected, will proceed to hear and consider reports of officers, to appropriate money to defray the necessary expenses of the Town and decide on such measures as may, in pursuance of law, come before the meeting.
Dated March 20, 1971.

L. R. Van Patten, Jr.,
Town Clerk
(April 1, 1971)
